The theme of CAVALEON 1958 is boats.

Boats are our pals. In fact, we don't even think of them as being inanimate objects. Rather, they are our bosom friends with whom we go when we want to be guaranteed of a good time.

We find them constantly at our side. Motorboats, sailboats, rafts, or what have you. They're a lot of fun! We get our feet wet in rafts. If we're in a sailboat we get spray in our faces. Motorboats are our silent witnesses to "that fish that got away." When the water is too rough to go out, we fix up our boats. Why, heck, we even go to parties on boats!

School is fine, but weekends are even better. That's when we can be with our boats. Down here it doesn't even matter if you don't own a boat . . . your best friend does!

If boats could hear, we could thank them for being such swell pals. But they can't, so this is our way of saying thanks. Thanks, boats, we think you're great!

MR. HARRY N. RATH LEADS GABLES HIGH

TO THE VERY TOP!

Coral Gables Senior High School and Mr. Harry N. Rath . . . these are two names thought of as one. Our principal, Mr. Rath, has been associated with Coral Gables High since the year 1932. Back in those days, Gables was Ponce de Leon High. Gables is the giant which grew out of Ponce.

In 1926, the first high school in Coral Gables was dedicated. We associate our own Mr. Rath with Ponce. He came six years after Ponce opened, and has remained ever since.

Under Mr. Harry N. Rath's guiding hand, Ponce de Leon was moulded into a first class high school. With the growth of Coral Gables, the high school naturally had to expand. So fast did it grow, that in 1950 Ponce was moved to a new location at Bird and Le Jeune roads. As the new school went up it was known as "Mr. Rath's Dream House." Thus, Coral Gables Senior High School came into existence. Mr. Rath remained as principal.

Today, Gables is much more than anyone could have foreseen. Its 2,430 students and 110 instructors make up an educational giant. TIME and NEWSWEEK magazines this year listed the schools that are the top 38 secondary schools in the nation. Gables was on that list. In fact, it was the only school in Florida on that list. Gables is great in everything it undertakes. This is because Mr. Rath's greatness is reflected in the school. Mr. Rath is a Man of Distinction, and we are the School of Distinction.

Coral Gables Senior High will continue to have Mr. Harry N. Rath, and so Gables will continue to be great. Gables and Mr. Rath: that's a winning combination you just can't beat.

THANKS, LEO, FOR BEING SO NICE!

MRS. HERBERTA A. LEONARDY

"Where's my flock? Now all you birds be quiet! Yes, dear, what is it?" These assorted phrases may be heard in room 102 at almost any time. They are used by Mrs. Herberta Leonardy . . . psychology teacher, criminal lawyer, parliamentarian, traveler, and an awfully nice friend. Leo is well liked by all of us. Sure we know that she is famous and honored. We realize that she is one of Dade County's Ten Most Outstanding Women. In fact, she wins so many honors that she simply doesn't know about many of them until someone tells Leo that her name was in the paper again. But really, that isn't why we like Leo so much. Rather, it's because she's such a wonderful person. Leo's ready to help anyone at anytime, whether he is a student of hers or not. No problem is too big or too small for our Leo. She tries to know the student as an individual, and everyone is better off for having known Leo.

This is our way of saying thanks, Leo. Thanks for being so wonderful. We will use the knowledge you have given to us, and will try to fulfill your expectations of us. We dedicate CAVALEON 1958 to you.

Leo checks a new film list that came in the mail.

Mrs. Leonardy pauses from her task of grading a test.

DEAN LOUISE STEWART

Our Dean of Girls, Mrs. Louise Stewart, and our Dean of Boys, Mr. Edward Cook, both have difficult jobs to perform. It is their duty to act as advisers to the students of our school. Both must know exactly when to be stern, and when to give some friendly advice. When Mrs. Stewart is not seen rushing down one of our halls, she may generally be found behind her desk which is always heaped with much work demanding attention. Mrs.

DEAN EDWARD COOK

Stewart must watch over the activities of all the girls in our school. That is some job! Mr. Cook's job gets him here early each morning, and forces him to remain at school until late each afternoon. He is very well liked by the boys with whom he deals. The "open door" policy in our dean's offices is one of the reasons for our system's success. Both of our deans are ideally qualified for their positions. They constantly work for the betterment of Gables.

Mrs. Agneta Heldt, registrar of Gables, has many varied duties. She registers all new students and transcribes their grades. She writes bulletins for teachers, arranges classes, and gets substitute teachers. Mrs. Heldt works closely with Mr. Rath and Mrs. Prance.

Seen in a familiar pose at the telephone is our friendly registrar, Mrs. Heldt.

FACE OF THE SCHOOL

The face of the school is not a "Poker face."

Expressions which make up the face of a school are constantly changing. By high school standards,

Gables is a large school. But the great mass of students is evident to the onlooker only at a football

game or an assembly. In the classroom and on the campus, each student is an individual, pursuing

knowledge in his own way. Wherever he goes, the

student makes up the face of the school. It may be

the face of a beauty queen, a graduating Senior, or

a perplexed student. On the following pages the

camera records some of these faces. They are recorded

not just for an instant, but for all time. These

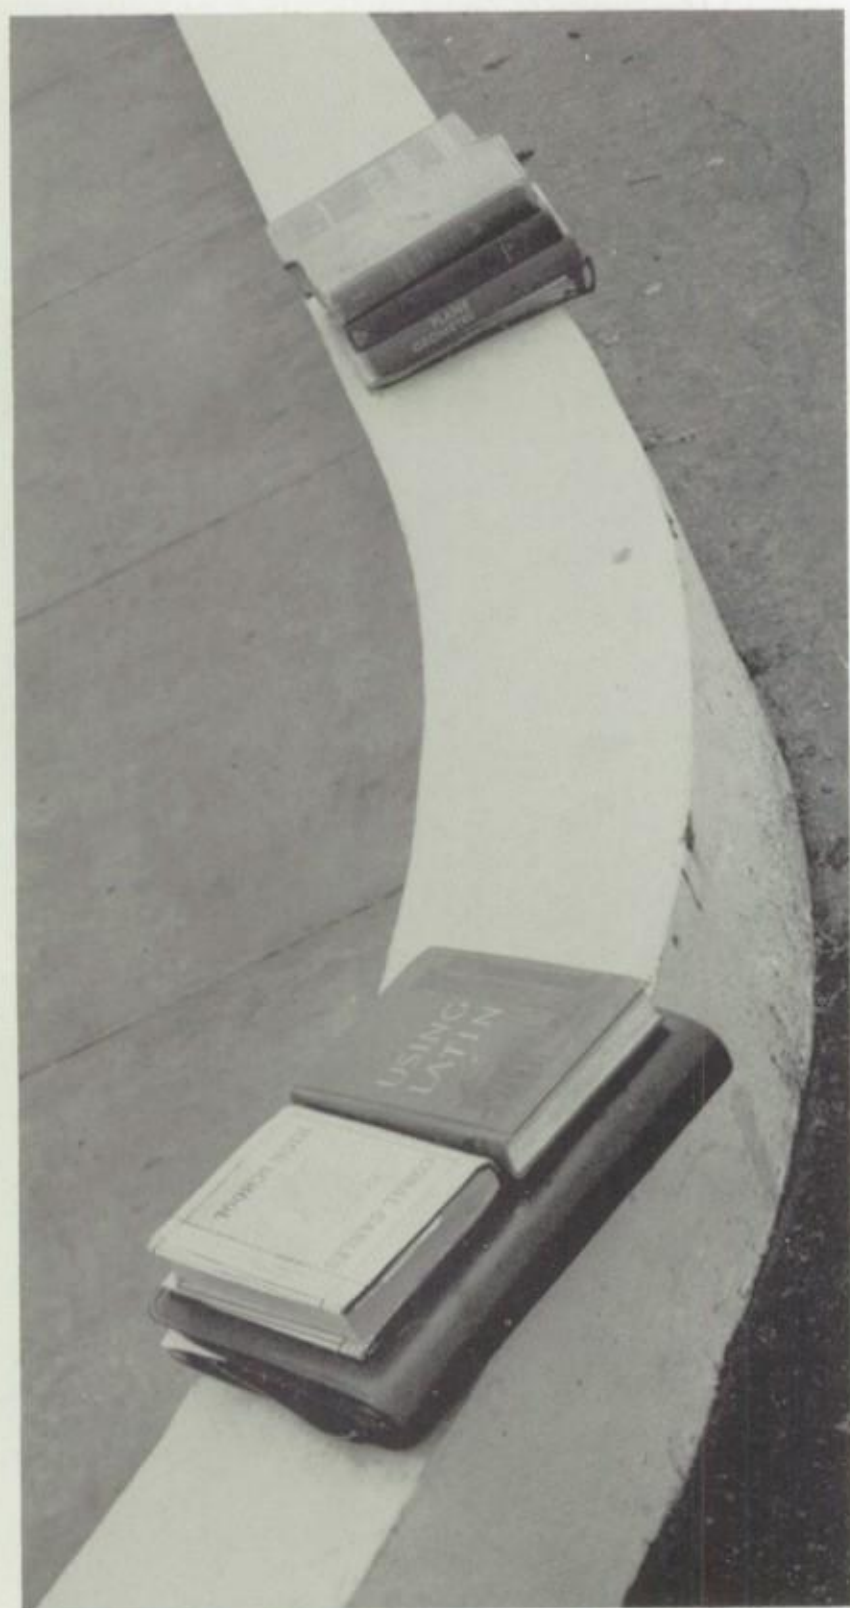

are the students as seen by their associates, explained

by themselves, and recorded for succeeding classes.

Good books, teachers, and physical facilities aid learning, but a true education is achieved only through study.

A HIGH SCHOOL'S FOUNDATION IS STUDY

The root of our education is found only in our books.

The theater, like the formal classroom, offers learning.

The early morning hours, before classes commence, find students studying in the halls.

Some students insist upon losing their heads over study.

The metal shop provides a mental and physical problem for two boys.

A boy, ice cream, a bench, and a book; goodbye, lunch, there's a test next period!

Students congregating in the halls display high school friendship.

Shoes sit idle for dancing classes.

STUDENTS FORM MEMORABLE FRIENDSHIPS

The campus scene is full of Gableites walking together. Friendships are long remembered when facts are forgotten.

By way of mouth true friends share their innermost thoughts, troubles, secrets, and ambitions.

A cheerleader is an example of living Gables spirit which grasps the students and binds them together making them friends.

Primping for friends is a very common campus scene. The girl at the right seems to be enjoying her apparent solitude as she makes herself beautiful. No doubt primping will always remain an important part of school. Oh, well, it's not only nice to see a pretty girl, but it's often amusing to watch a girl get pretty!

The Gables parking lot at 3:00 is a mass of students, cars, and noise as confusion reigns supreme. Homeward bound!

TIES WITH ALMA MATER ARE EVERLASTING

The old reliable feet carry most students home.

With the close of a school day students leave Gables and go home. But they are not gone long from their school. Each morning the halls fill as students return. Weekends and vacation find the school deserted, but students always return. When at last graduation comes for the Seniors, they find that they can never entirely leave their Alma Mater. Left behind by each graduating class is a spirit. Strong ties bind the graduates to their school. These are the ties of love and devotion for a school which has given its graduates much. Alma Mater looks upon its sons and daughters with great pride. Graduates think of their school with affection. Time, rather than breaking these ties, makes them stronger.

Mr. Rath is seen at the ship's
wheel of the Mayflower II.

Faculty

Viewing a student's Shakespearean theatre, Miss Magdalene Hauser, Mrs. Thelma McCoy, and Mrs. Helen Evans wonder if it could replace Madison Square Garden.

Even Miss Mary Cecile Ions, head of the English department, must look up a word in the dictionary occasionally. Could it possibly be *euphony*?

ENGLISH COURSES PROVIDE BASIC TOOLS

Mrs. Gloria McDonald, Mrs. Elizabeth Bowlby, and Mrs. Carole Cohen seem to be plotting homework for themselves . . . or for us? Wannabet? Those words on the board are all there . . . in the dictionary.

English is like the rudder of a ship. After sailing the straight course, the student is free to turn to new and different channels. In sophomore English, he has his first meeting with Shakespeare in *Julius Caesar*. Juniors meet the great American authors from the origin of America up until the present day while Seniors explore the vast realm of English literature. Grammar is an important part of English study each year. In College Preparatory English the student receives vocabulary and other essential material which will prepare him for college. Besides the interesting curriculum of the regular English classes the English Department offers classes in debate, speech, dramatics, and mythology.

We suspect Mrs. Roberta White, Mrs. Janet Carvelli, and Mrs. Phyllis Miller have a Mad Comic hidden in the erudite publication they are perusing avidly.

Bell rang "Take Five" so Mrs. Clara Mae Hall, Mrs. Ellen D. Callahan, and Mr. Joe Morris took five from the rigors of Shakespeare, dangling participles and other such pedagogical encumbrances.

NEEDED TO LAUNCH A QUEST FOR LEARNING

Striking a happy median in the grading system seems easy for Mrs. Hattie Struthers, Mr. William D. Porter, and Miss Elizabeth Minton. But must that "F" be so prominent?

Really hamming it up are Dramatics Coach David Feldman and Debate Coach, Mrs. Daphne Yvars. Ophelia? Hamlet?

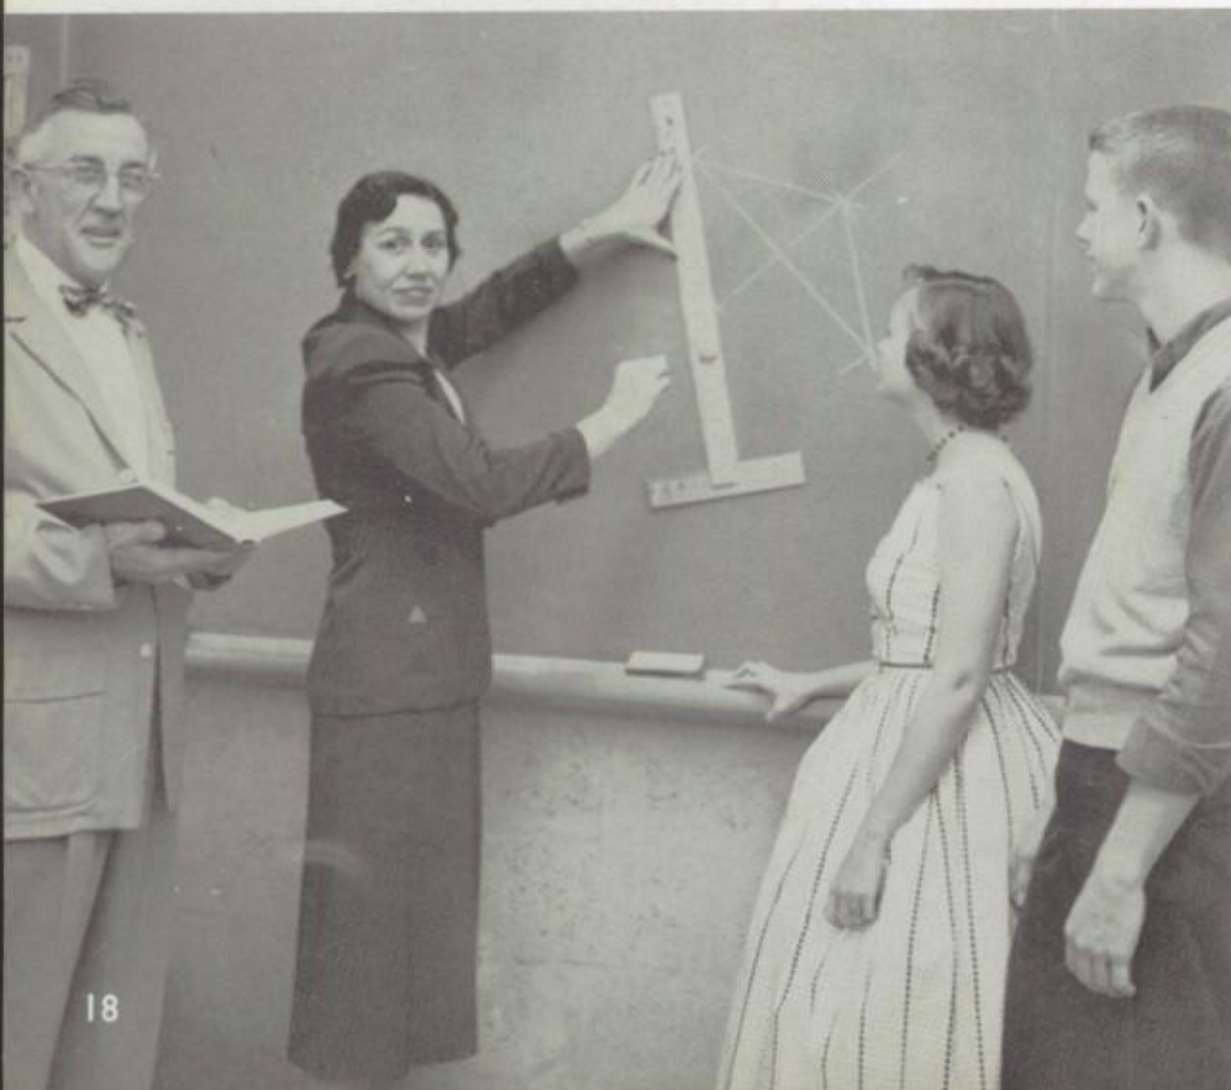

Mrs. Margaret East, department head, named for one direction, is equally at home in any of the others—and she can tell you, mathematically, how each may be reached.

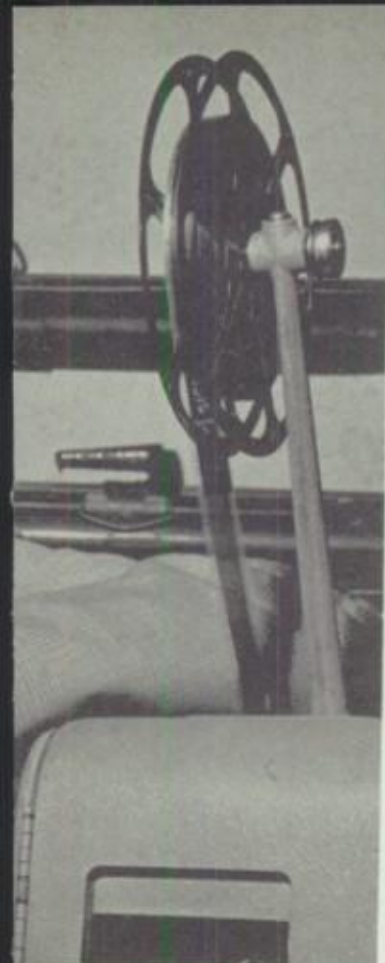

Mr. Edward Borden, besides being an excellent Algebra teacher, also serves as head of Visual Aids Department, and thus he brings us movies ranging from baking potatoes to nuclear physics.

MATHEMATICS, AS THE UNIVERSAL MEDIUM,

Combining their efforts, Mr. Fred Bils and Mrs. Lelitia Hinson together with the inevitable T square and yellow chalk, demonstrate the construction of a ——— an ——— why ———. They teach geometry.

The Mathematics Department at Gables offers courses of study to students of varied interests and abilities. For the student who plans to major in the field of mathematics, science, or engineering, advanced courses such as trigonometry, math analysis and solid geometry are available. To the student who wants only a background of mathematics for college purposes, Gables offers courses in Plane geometry and Algebra I and II. Basic math is open to those students who need a stronger math foundation.

"This one should be making straight A's," say Mr. William Byrd and Mr. Robert Parent. (A's? Whom are they kidding?)

OFFERS STUDENTS UNFATHOMED CHALLENGES

Mrs. Mildred Durden tries to convince a student that the problem at hand is not difficult. If it is so simple, why is it so hard to understand?

Mrs. Irene Murray, Mrs. Gloria Hubinger, and Mr. David Wood survive the curves, angles, and equations of math and still keep smiling, camera or not.

Miss Ethelyn Massey, social studies head, smiles as she gets the correct answer to an intricate question on American history . . . This quiz does not pay \$64,000.

Miss Katherine Davis and Mr. William Munroe wonder what size history books, already voluminous, will be by the time current events go in orbit.

SOCIAL STUDIES, AS A COMPASS, REVEALS

Miss Vera Fascell, Mr. Quentin Umbenhauer, and Miss Katherine Megibben, history teachers, dream happily of a trip to far away places.

"How this country has grown"—could be what Mr. Clarence Drepperd and Miss Elizabeth Mott are saying.

In the rapidly changing world of today will be the exciting history of tomorrow. At Gables we learn of happenings of the past through World History. American History acquaints us with our early "American Heritage." Religions and governments that contribute to our present day world are studied in Government. Latin American History and Psychology are offered to students interested in expanding their knowledge in these fields.

Present day magazines, movies, maps, newspapers, and texts are the tools of study in the History Department.

These courses enable and prepare Gables students to become outstanding citizens of tomorrow.

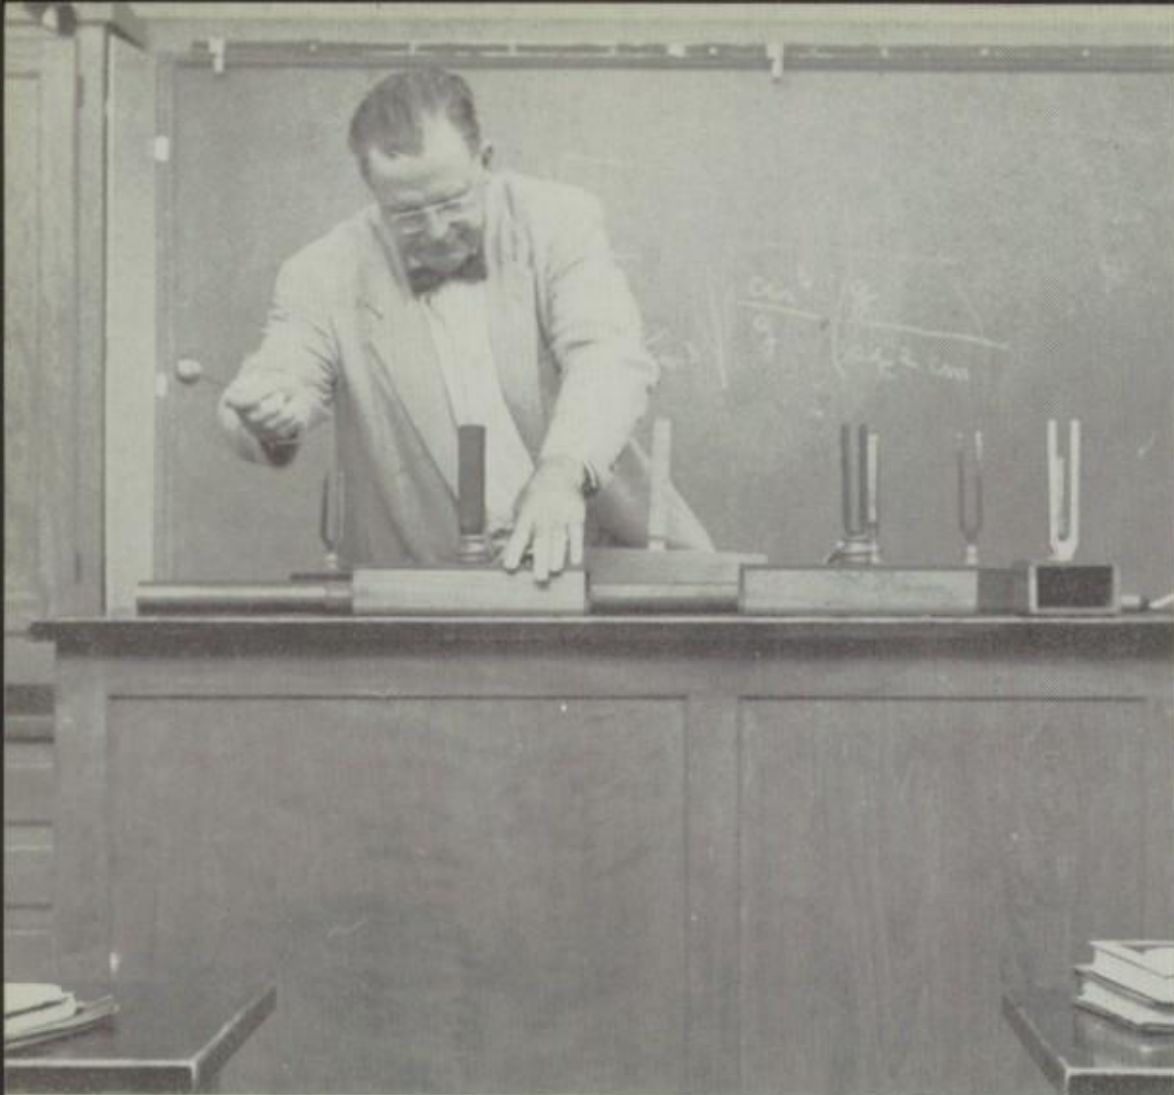

Miss Ann Barber is seriously showing one of those semester reports to another of our history teachers, Mr. William Burrell, who got out of the water just especially to let us take this picture. Thanks!

TO US THE FUTURE THROUGH PAST EVENTS

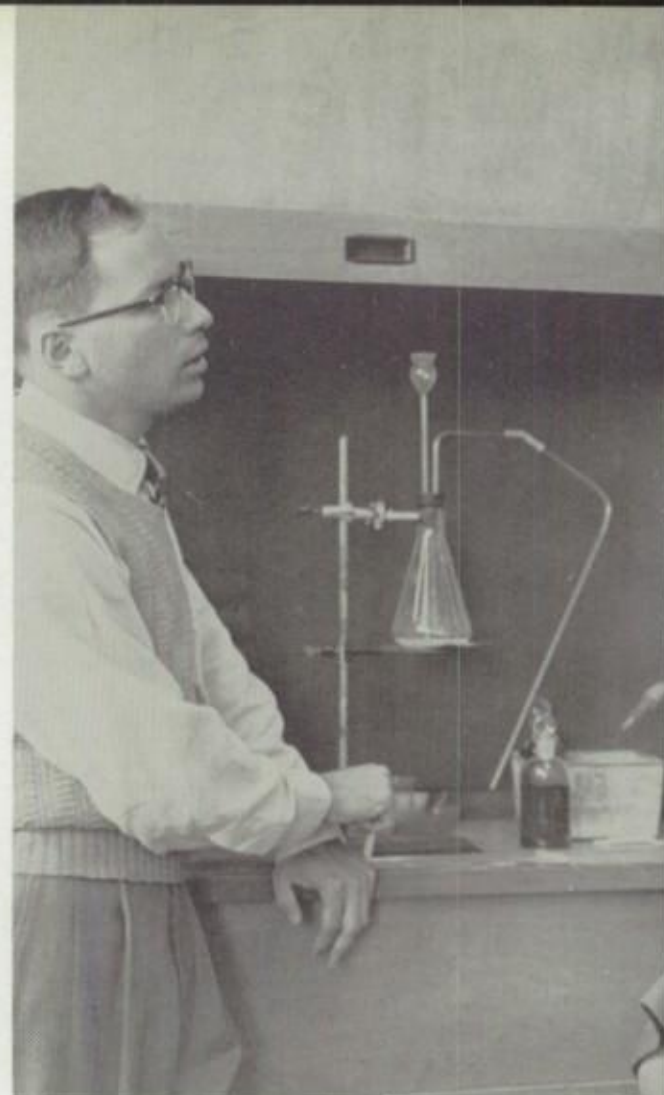

Mr. William Fisher and Mrs. Herberta Leonardy find something funny on a history paper. Could be Columbus discovered America in 1942? For once we may refrain from saying "How Time Flies."

Mr. Abbott Messler, science department head, might have a suppressed desire to be a xylophonist, and we think he would be a good one, but his career is secure as a top physics teacher.

Mr. Robert Drobner, Mrs. Sara Knupp, and Mr. Walter Bolby discuss the scientific possibility of another Earth Satellite

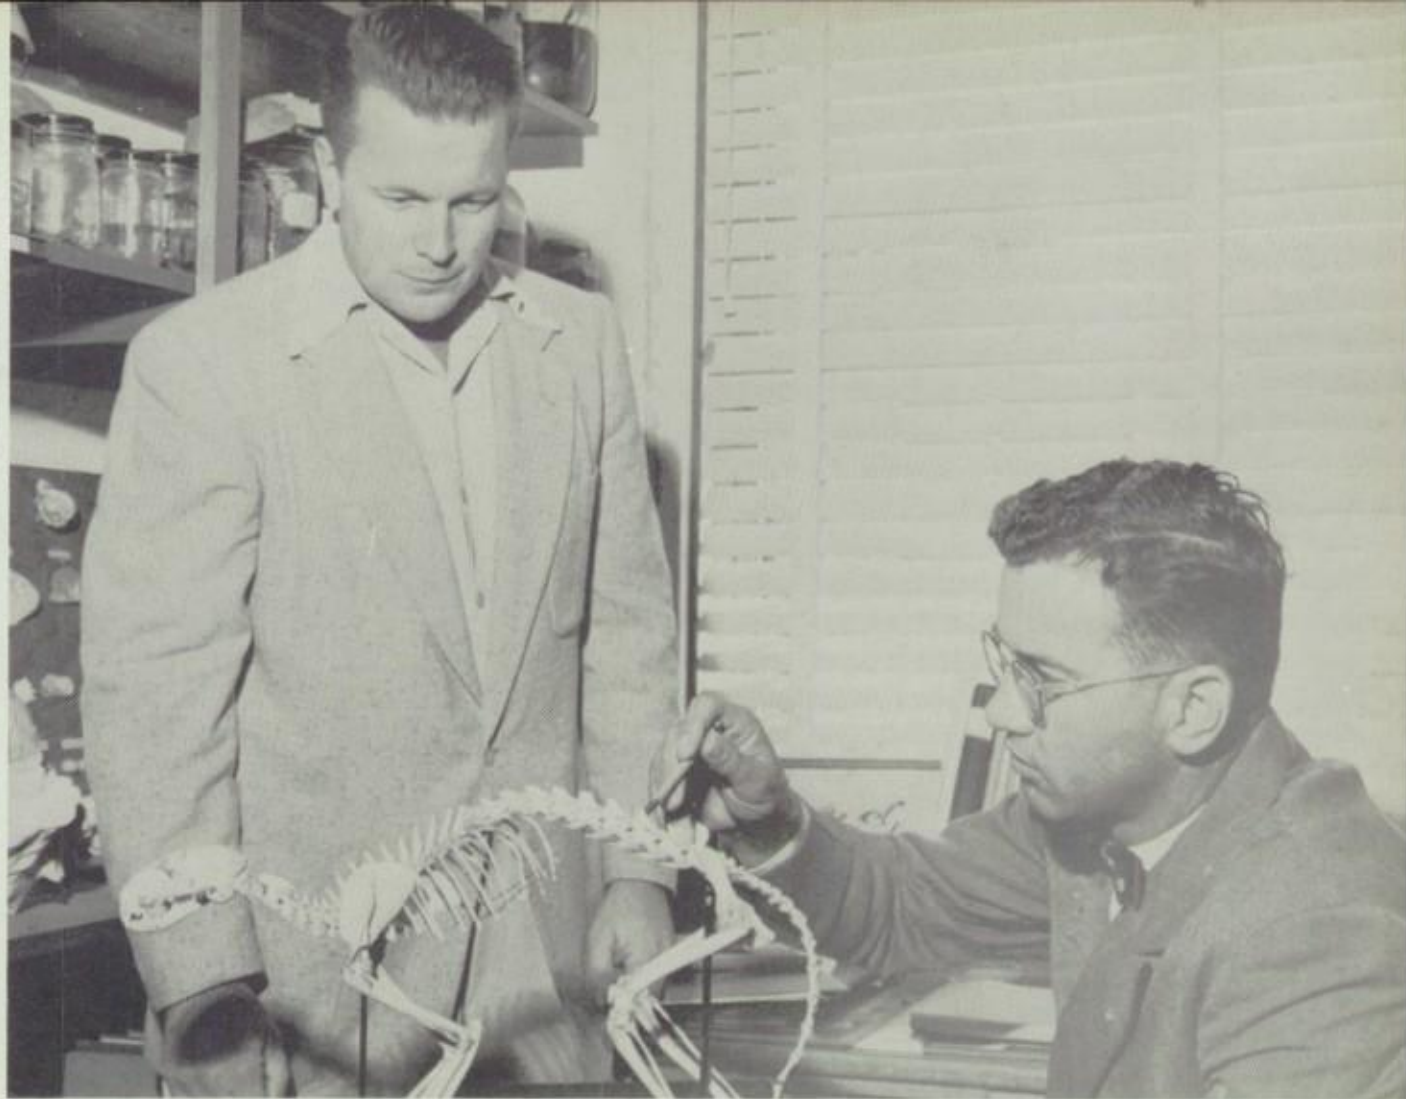

SCIENCE IS THE LIFE PRESERVER WHICH

Mrs. Magdalene Benjamin and Mr. D. D. Gregg, teachers of effective living, have to keep looking for answers to all those questions the students come up with.

Mr. Donnald Gordon eyes suspiciously and Miss Ann Gilkey, smilingly, the new monster! You'll be meeting this creature in your biology classes next year.

May we suggest the name for this lab-shocking brainchild? the Cavalnic.

"Looks like a football player listening for quarterback signals," opines Mr. Herbert Wertz to Mr. Luether Hovan, biology teachers. They show that study of pre-historic animals gives clues to modern life.

HOLDS THE KEY TO THE WORLD'S DESTINY

In 1958, the field of Science has struck a highly accelerated tempo to meet the growing demand for more scientists. Gables offers a wide variety of scientific courses. Biology is the only science course required; however, if a student shows genuine ability and interest in science, courses in chemistry, physics, and Advanced Biology are open to him. Chemistry offers three courses — Practical Chemistry, scientific chemistry, and advanced scientific chemistry. Physics has two courses available — scientific physics and practical physics. Effective living is a practical science course which prepares students for later life. The excellent laboratories and scientific equipment available to Gables accounts for the brilliant accomplishments of many Gables students.

On the willing shoulders of Mrs. Dorothy Gregory and Mr. Michael Kambour falls the task of upholding the dignity of this page. The gleam of scientific knowledge is evident also on the blackboard.

En la clase de Espanol, Senorita Elosie Patterson presides with smiling efficiency as she considers the pleasant prospect of "A Long Day's Journey into Spain."

"Now class," says Mrs. Sue Piant, Latin and Mythology teacher, as Mrs. Kathe Wilson, Latin and German teacher, looks on doubtfully "Translate, 'Twas brilig and the slithy toves'."

THE KNOWLEDGE OF LANGUAGES PERMITS

Miss Joan Reitsma, Spanish teacher, says there's more to romance languages than romance.

In this age when rockets have shortened the distance between nations, the study of foreign languages has taken on a new and more important meaning. Gables students have a varied language program which includes Latin, Spanish, French and German. Speed classes are given for those students who have exceptional ability in languages. Not only is grammar and pronunciation studied but also the literature, culture, and origin of the languages. Tape recorders are used extensively to record progress in speech and pronunciation and phonographs are used to acquaint the students with the language and music of each country.

Mr. Thomas Campbell, affectionately guides his classes through the French language and landscape; urges them "finir" de Maupassant and Daudet, with shrewd comment, Gallic psychoanalysis and diverting explanations.

PEACEFUL SAILING AMONG ALL NATIONS

Mrs. Gladys Mendieta, new to Gables this year, teaches Spanish verb conjugations rhythmically to Maraca accompaniment.

Miss Kathryn Goodwin and Mrs. Elizabeth Boone, Spanish teachers, have un muchacho at la pizarra in a concerted effort to teach Spanish in "ten easy lessons."

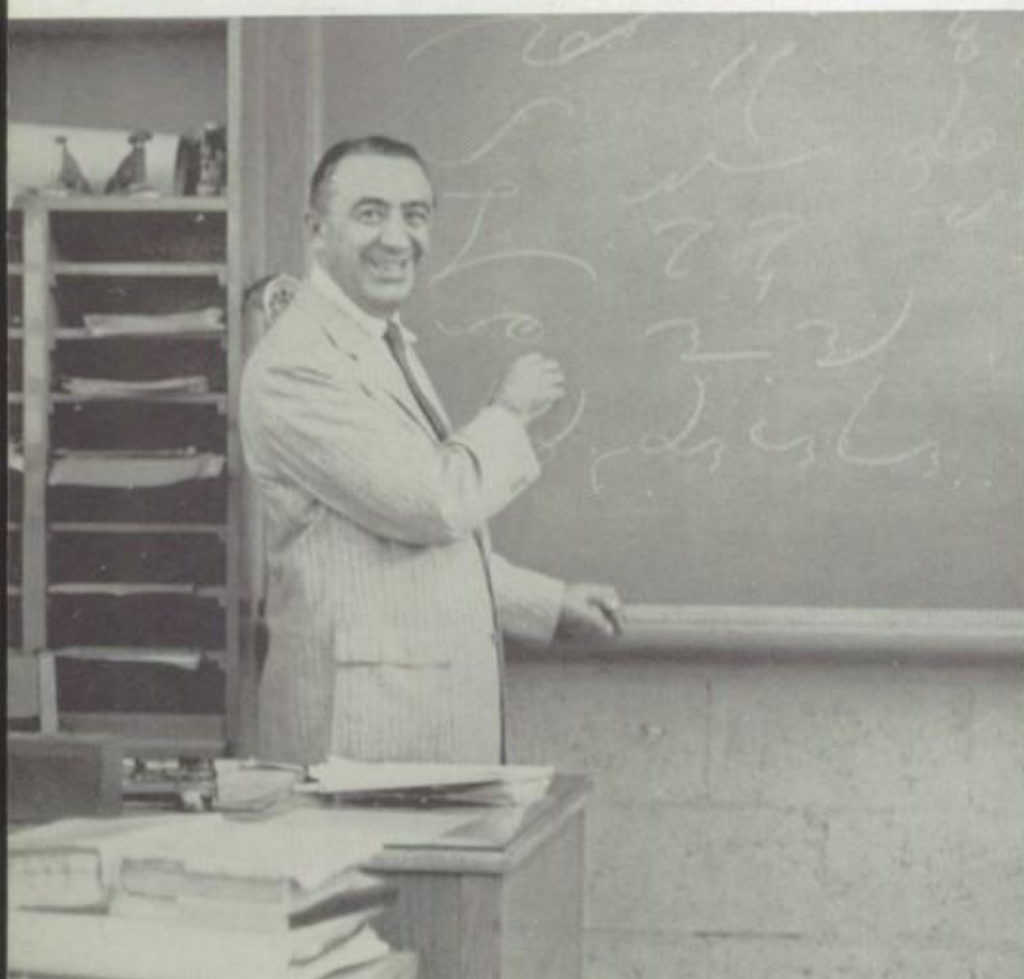

Mrs. Maudie Cook, department head, has just learned that a former student has been made G.E. president.

The Business Department at Gables offers interesting and useful courses in all phases of business. This department helps to prepare the student for the business world of today. Capable teachers are aided by excellent and modern machinery in instruction of various subjects. Such machines as the adding machine, dictaphone, mimeograph, and comptometer are available for use and instruction. Typing, shorthand, filing, and bookkeeping are useful courses open to all students. D.C.T. gives students the opportunity to learn and use what they have learned by holding outside jobs. An excellent course in Business Math is also offered by the department.

BUSINESS COURSES SERVE AS THE ANCHOR

To Mrs. Valerie Mayfield, D.C.T. coordinator, learning and earning go together.

Mr. John Bianco is our road and word sign follower and Volkswagen commuter.

Mr. Fred Wilson of typing class fame, loses himself in thoughts such as this one. (If they make one more error.)

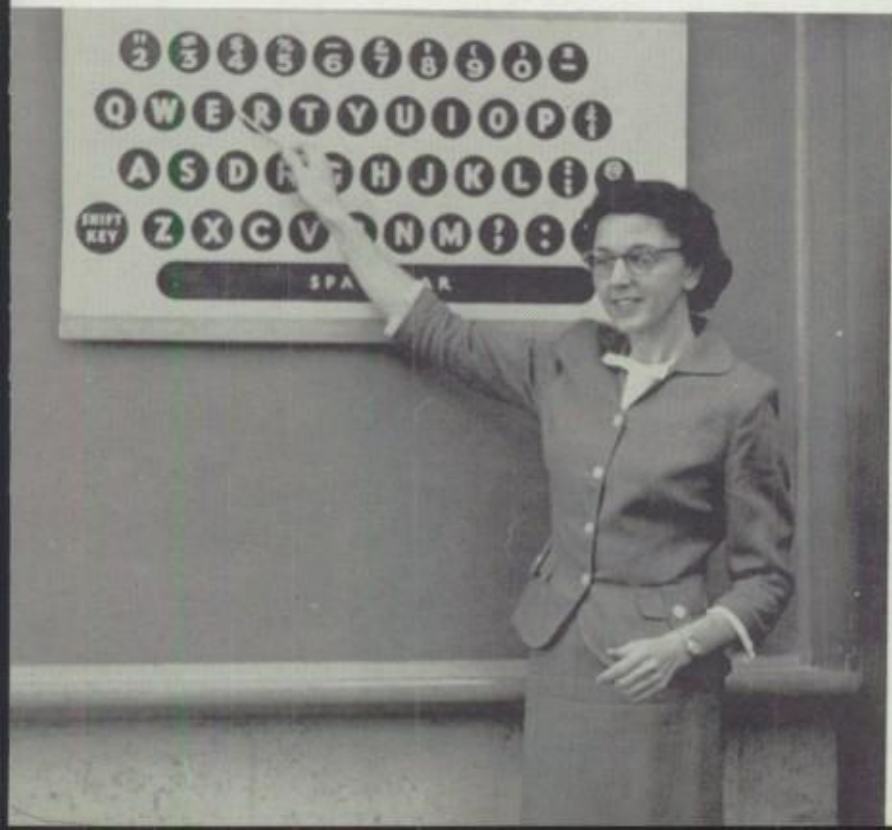

Mrs. Charlotte Cleland, Mrs. Dorothy Lund and Miss Essie Shepler find those errors we missed or hoped would never be detected. If only someone would invent a typewriter that spells correctly.

FOR AN ECONOMICALLY STABLE COUNTRY

Mrs. Ruth Hamrick persuades Mr. James Ballard that a typewriter can be made to do 185 words per minute and still produce error free copy . . . A tall story for a tall man.

Mrs. Helen Zacur makes music with the keys . . . But . . . rock and roll?

That aura of cheerfulness surrounding Miss Felicia West, Mrs. Ethel Steele and (standing) Mrs. Helen Smith and Mrs. Maria Hornor manages to survive rain, Florida cold, and weak excuses for gym suits left at home.

The Physical Education Department at Gables offers students a varied and energetic year round program. Aside from activities such as volleyball, baseball, badminton, and football, Gables students participate in such interesting sports as tumbling, modern dance, and tennis. The Physical Education Department aids us in good co-ordination and development and teaches sportsmanship and teamwork. Gables phys. ed. teachers sponsor school teams in golf, tennis, swimming, football, baseball, volleyball, and calisthenics which are open to all students.

PHYSICAL ED DEVELOPS FLEET BODIES

If it's for Gables, they're for it—and that's why we're for them. Jack McCloskey, Mitch Menacof, and (standing) Ralph Rice, and Ed Stoeckel.

These end-of-season victory smiles are the same ones worn by Coaches Ed Injoychock, Charles Harris, and Joe Krutulis at the beginning of the season. Salute!

"Perfect now, but it could be better," seems to be the motto of shop teachers Mr. Dean Thomas and Mr. Paul Feinerer. Oh! Such perfectionists.

"We've got a future Picasso here," says Mrs. Anne George, art department head. Mr. Earle Bassett, graphics art teacher, seems to also detect a spark of genius.

HOMEMAKING AND ART INSPIRE BEAUTY

"Service with a smile." . . . Gail obliges homemaking teachers, Miss Jane Zenke, Mrs. Delores Knapp and Mrs. Marguerite Cleveland, homemaking department head. Occasion was annual parents tea.

Homemaking and Creative Arts Departments offer the student opportunities to show individuality. In Industrial Arts he can make wrought iron furniture, water skis, or even print campaign posters. Metal Shop, Wood Shop, and Graphic Arts provide all the necessary equipment for turning out finished products. Commercial Arts offers painting, sculpturing, and other fields of art. Here a student may do fashion designs and ad layouts or enjoy making perfectly balanced mobiles or creating unusual masks and puppets. Homemaking Department teaches girls the art of preparing a tasty, well-balanced meal, fashioning a dress, and decorating and running a home. They are aided by individual miniature kitchens, sewing machines, and a demonstration home.

Mrs. Hariette Prance, head of the Guidance Department, carries our problems and still smiles. Her enthusiasm and smile are contagious.

What subjects to take for college preparation, how to apply for college, problems we face in the classroom and in our personal lives are a few of the questions our capable staff of seven counsellors help us solve. The Guidance Department plans the interesting "Career Day" which is presented each year and schedules speakers from different colleges to discuss college life with us.

OUR PERSONNEL AND GUIDANCE DEPARTMENT

Near genius or potential problem? Which student's record could bring such concentrated concern or half-smile as is shown by *standing* Mr. Robert Jones and Mrs. Ruby Foxwell; and *Mrs. Elizabeth Larson, Miss Helen Dunn.*

Mr. Lewis Caputa and Mrs. Joanna Woltz, guidance counsellors, fortunately belong to that segment of our modern world that enjoys life whether in the midst of a crisis or near crisis.

Mrs. Catherine Blakey, school nurse, is ever on the job. This winter's frigid temperatures kept her at double-time pace.

Miss Diane Boerger, guidance secretary; Mrs. Marjorie Fernandez, attendance; and Miss Barbara Davis, bookroom; are our candidates for purple heart medals for bravery above and beyond the call of duty.

SET THE STUDENTS ON A STRAIGHT COURSE

The capable Office Personnel Department keeps our school running properly and efficiently. In this department all permanent records are kept, college transcripts are sent out, and registration is handled. The school finance officer ably keeps financial reports of all classes, clubs, and organizations.

Our school nurse is on call at all times, whether the ailment be measles or psychosomatic pre-exam blues.

Miss Dorothy Serna, principal's secretary; Mrs. Janet Burd, finance officer; and Mrs. Margaret Richards, who does everything; keep smiling. How can they? We'd like to know the answer but we're grateful nonetheless.

Mrs. Virginia Callaway, librarian; Mrs. Virginia Logan, study hall; Mrs. Lois Cole, head librarian; Mr. James Seymour, study hall; Mrs. Eleanor Wilson, librarian do some reflective thinking on plights at the round table.

Much time and service are required to fulfill certain essential duties at Gables. Our competent librarians must choose books of interest to all students, number and arrange them and constantly keep them in good condition. The library is also well stocked with magazines, newspapers, and periodicals. Study Hall teachers must create the proper study atmosphere for their large classes and teach them proper study habits. Our staff of custodians and cafeteria workers are the workers behind the scene. The cafeteria serves us daily good well balanced meals. The custodians are responsible for the fine care that is given our buildings and grounds.

THESE CREWS MAKE OUR VOYAGE SMOOTHER

Mrs. Laura Alson, cafeteria manager, is responsible for those tons of hamburgers french fries, gallons of milk shakes, etc. that Gableites consume daily.

Mr. Harry Carter, Gables' staunchest supporter, has the gratitude of us all for his rays of heat and vigilance for our welfare.

Duke Green, first semester editor, plans next issue.

Linda Williams, second semester editor, plans policy.

September came and with it a new and eager editor, Duke Green. The key words for the new policy were accuracy and cooperation. Even with a staff of veterans these were not easy things to achieve. Ad managers just can't understand why there has to be copy and page editors naturally want fewer advertisements on their pages. Deadlines were considered things of the past by the mischievous Sports editors. They could not see why they had to be met! Feature editors always sweat it out waiting for the Phantom Stroller, that elusive little devil, to turn in its latest gossip—bound to raise the hair of the shortest crew cut. Poor little Club editors are so bewildered with all the coming and going they don't know what to do. Finally all was ready and over to Allapatah the group would fly. By early morning they were nearly finished; but, there was just enough time for breakfast before another day of school. At last came February and Duke, a broken-down old man by now, gladly turned over his impressive but exhausting job to next semester editor, Linda Williams.

Cracking up under the strain are assistants: Eikenberry, Shea, Helmuth, Easter, Easton, Stiles, Lugo, Hann, Cooper, Duncan, Pullam, Harrison, Shappee, and Futch.

High Lights Managers Bobbie Ryan and Susie Daisey soak their poor, tired feet.

Year after year, new students start high school filled with dreams of success in different ways. They come as a large mass, but in reality, each is an individual. Their hopes may differ in detail, but basically they are alike . . . each person wants acceptance. The High Lights is not just a bi-weekly news sheet, it is a friendly newspaper which dissolves the mass to make each person an individual. It gives a record of how each person fulfills or loses sight of his dreams. Each story means something different. While one student may casually glance over an article, to another it means, "I did it!" Yes, the High Lights tells of Gables life and Gables is you.

CAVALEON

Birds, bees, flowers . . . what can we use as a theme? And so begins another year in the life of a Cavaleon staff. After much anticipation and excitement, Chris "The Slave Driver" Steers released the names of the top positions—Editor, Jim Hirsch, and Managing Editor, Joan Perez. His Highness immediately steps in assigning positions, issuing drawers, and settling deadlines. A staff member's first rule is to never ask Jim, "Why?" Ours not to wonder why, ours but to do or die. No word is as obnoxious to a journalist as "deadline" for those eight letters stand for many things . . . late nights . . . no homework done . . . gallons of coffee . . . angry parents and rush, rush, rush. Faculty editors got right to work promising teachers good pictures in exchange for good grades—those brownies! The famous quote from the club editors is "Now you see them, now you don't." Anywhere you go, you are sure to see one of the "Terrifying Three," School Life Editors,

Promotion editors, Nancy Colson and Harriet Uhl, hang Cavaleon posters.

Junior editors, Beth Knoche and Nick Hodsdon, argue which comes first, s or r?

Sports editors Dee Garty and Nick Torelli talk things over.

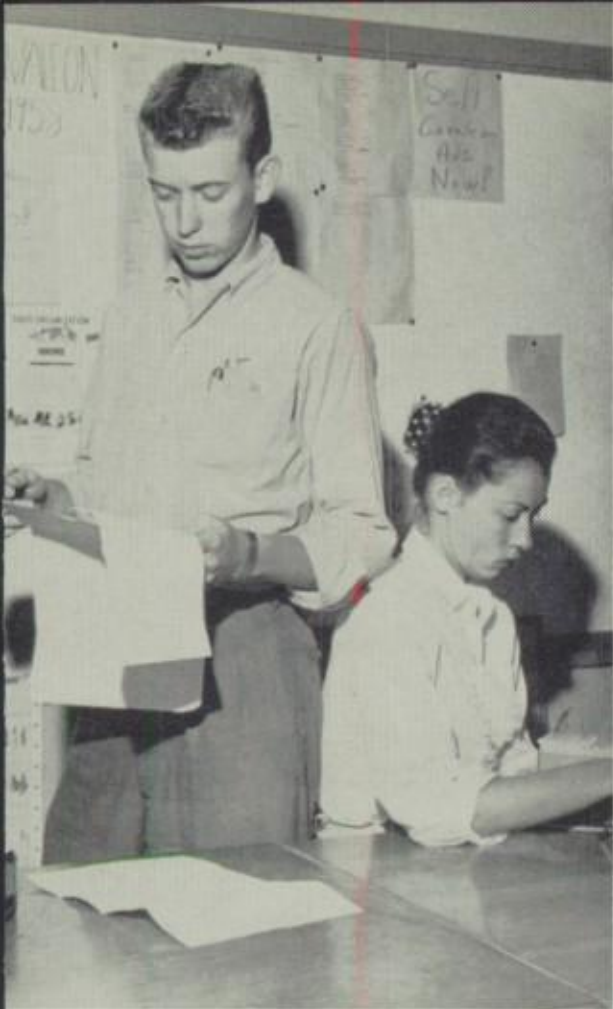

Artha Gay Dabney and Ruth Spier slave over the index, while Barbara Hycko works on advertising section.

Senior Editors, Peggy Borman and Bonnie Brown, admire the graduation cap.

Duke Green, ad editor and Carol Cooper, of biogs, are not angry—just working against deadline.

These maniacs are the slap happy assistants who worked to state of frenzy: Kenner, De Foor, Gould, Schultz and Martin.

taking pictures for their section. Sophomore editors worry about the tiny tots while Junior editors handle the middle class. Biggest job of all fell on Senior editors—all those activity cards. The girls working on the index probably never want to see another little white card again and the ad manager is now taking nerve pills. "Everyone wants the photographer at the same time," wail Photo editors. "What can we do?" After at last completing their little baby, the Record editors would like a quiet evening *without* music. Publications editor wants just one uncomplicated day. Superlative editor is as tired of being clever as Sports editors are of taking pictures of every game. Regardless of staff position, it's hard, hard work to put out a year-book; but, so rewarding to see the thrilled students' faces the afternoon of the incomparable Cavaleon Cavern.

The records are spinning and so are Cynthia Smith and Joy Morris, record editors, and Linda Williams, publications.

S.C. HANDBOOK

Student Council Handbook Committee includes: *seated*: Jean Forbes, Sandy Hogue, Sue Skelton, Ruth Spierer. *Standing*: De Blois Milledge, Doug Jones, Linda Walter, David Davidson and Jim McIlwain.

The Coral Gables handbook is a booklet distributed each year to incoming Sophomores by the Student Council. It contains information which aids students in becoming acquainted with their school. Every year the council chaplain works with a chosen committee to revise the handbook. Expenses are absorbed by the Student Council so that each new student may receive a book free of cost.

STUDENT DIRECTORY

Rebel Chapter of Hi-Y is responsible each year for the production of a Student Directory. The name, address, telephone number, and homeroom of every pupil is included. These books go on sale the latter part of first semester with proceeds going to the local Hi-Y chapter, Coral Gables.

Marshall Magruder, chaplain of the Coral Gables High School Rebel Chapter, purchases a Student Directory from president Dave Nicholson and members: Bob Pratt, Jules DuBlois, and Bob Winter.

The "Burning of the Cups" is an annual ritual after the election of the football team's captains. It is a tradition brought to Gables by Mr. Kotys from his college coaching days. Formerly, champagne was used for the toast and the glasses were thrown against the fireplace; but due to circumstances, orange juice is used for the toast and the cups are tossed in the basket and burned.

FOOTBALL USHERED IN ANOTHER GREAT

ATHLETIC YEAR

ATHLETICS

Yes, football was just the beginning of another great year in ATHLETICS for Coral Gables Senior High School.

With the opening of school and the crisp fall weather came the hearty pep assemblies so popular with all. The 1957 pigskin season was ushered in. Football is a big word around Gables and the team plays like a big team. We have a fine record to talk about. But the gridiron is not the only field of battle on which the Cavaliers have emerged as leaders. The basketball team, along with our baseball and track teams, is to be commended for its outstanding performance. 1957-58 saw many honors won by these teams. Our teams not only bring trophies but also distinction to Gables wherever they participate.

Our swimming, golf, and tennis teams reign as Florida's best. Many of these athletes are ranked nationally as well as on a state-wide basis. The desire to win recognition for themselves and Gables, along with endless hours of practice, has made them true champions. Some of their records are unbelievable, and read like a fantasy.

Gables High School can hold its head high as a leader in any sport. Even more important, we can be proud of the unfailing school spirit and deep sense of good sportsmanship which becomes a part of every student. The winner is not always determined by the highest score. The putting forth of every ounce of ability and effort is the key-stone to victory.

ATHLETICS play an important role in our school's program. The mind and body are co-ordinated on the playing field. There is a sport and a level of play for each of us.

Football was the start of a winning year . . . a year in which victory became synonymous with Gables.

Our Cavaliers opened the 1957 season with a well-trained but flu-ridden ball team. Gables lost to West Palm Beach (7-14) and Edison (14-26). Mighty warriors were on the defense but not for long. As the team regained its players, it rolled over a hard hitting Lakeland club (26-14).

Coach Nick Kotys asked the student body "Beat who," we answered "Jacksonville Jackson" and the team obliged (21-6). With our 2-2 record we entered our toughest game, Miami High. Cavaliers, rated fifteenth in the state, took on the Stingarees, rated number one. Gables fought hard and 'won' a tie (7-7). Jacksonville Lee fell (21-6); Hialeah ((33-0) and Fort Lauderdale (33-13). No defense could stop us now. In our last game, Homecoming, Miami Jackson mustered all its power trying to stop us. We drove the Generals back to their foxholes (26-6).

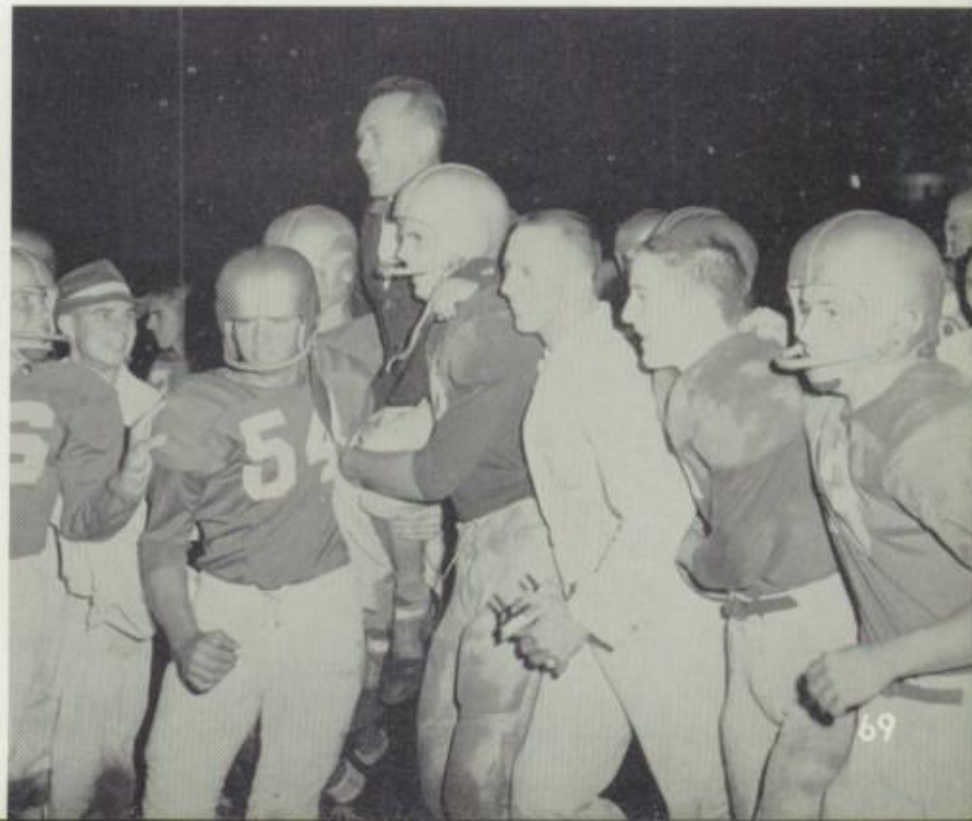

In our first postseason game, we journeyed to Lakeland for the Shrine game where Gables really planted Tampa Plant (49-0).

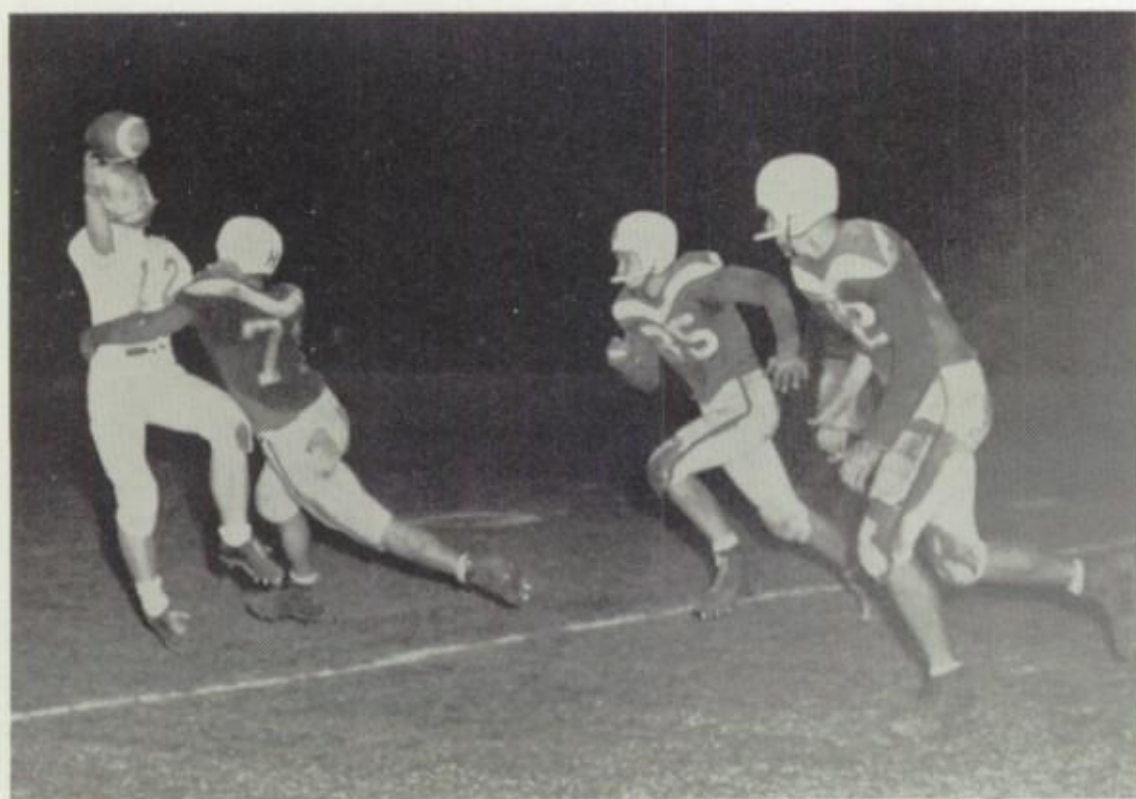

Billy Williamson, one of Florida's outstanding players and named All-City two consecutive years, evades Jax Jax foes to spark conference win.

After suffering defeat in opening games things looked bleak for the Cavaliers. The end of a fifteen game winning streak wasn't easy to take.

Cavaliers proved themselves once more in an amazing comeback. Remaining games saw victory become synonymous with Gables.

Under the direction of Coach Ed Stoeckel, our basketball team downed many of its opponents.

As the Coral Gables cagers took to the polished planks, three returning lettermen were the backbone of our fighting five.

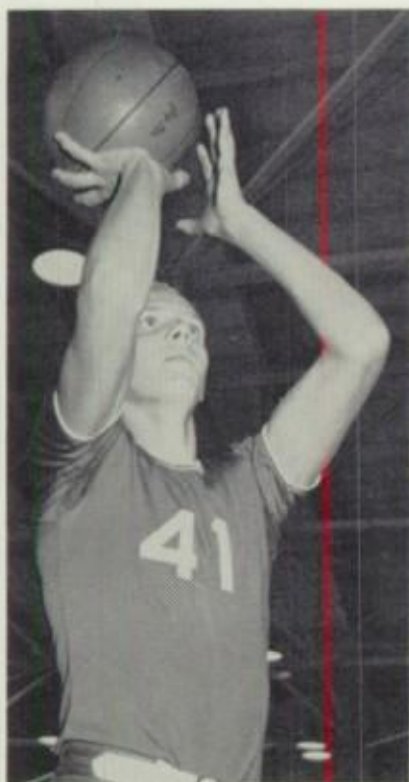

Long, lanky veterans Henry Garrison and Rufus Ashworth kept the score board popping in every quarter. Billy Williamson and newcomer, Kenny Levitt, though dwarfish as basketball players go, thrilled the spectators with their cool ball handling and hot defensive work.

There were no bench warmers on the squad; every ready boy got his chance. Keeping the backboard clear was a big job but Ted Coulson came through when it counted most. A foot accident slowed down Charlie Nobles early in the season; however, he soon was back in stride. Seasoned seniors like Jack Stark, Camillo Vallejo, and Jack Simonetti worked hard to slow down opponents and add to our list of wins.

From last year's "B" squad, Frank Lasky and Ted Feely now saw action with the varsity.

Gables was to see in 1958 the highest scoring team in the history of our school. The '58 team was the best balanced squad we have had, deadly with the ball and hard to score on.

Our Swimmers Splash to Victory

Coach Burrell shows swimmer Joyce Argo ways to improve her stroke.

The weather was cold and Venetian Pool even colder, but when there are champions to be developed the only thing that counts is practice and more practice. Our swimming team will never forget the icy days when the little red thermometer dipped to a frosty 32°

The season was full of hectic events, such as the "Barbara Chesneau Case," which reached international proportions; the outstanding performances of Jim FitzGibbon, Art Paterson, Joe Creel, and Charlie Robins, who were listed as All-Americans and the amazing show of the girls' team in spite of its limited membership.

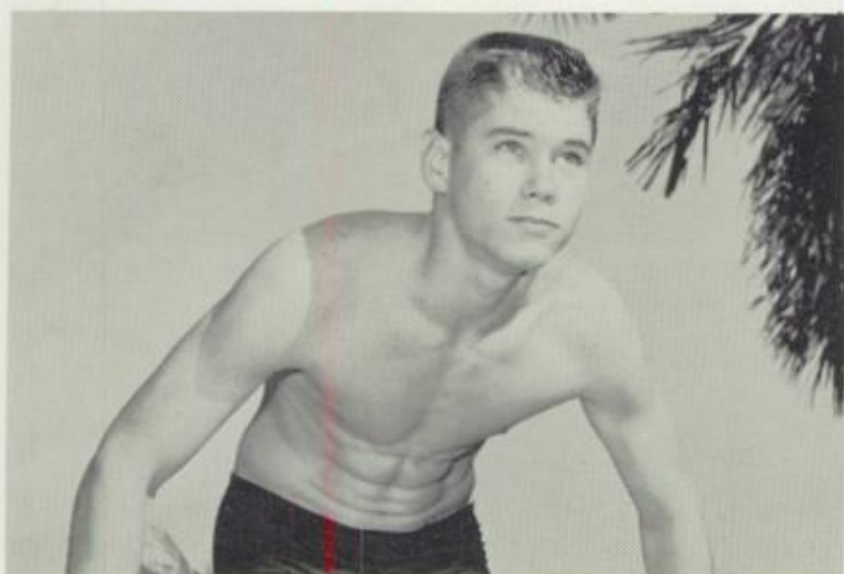

Hard swimming seniors like Kathy Kelley, Donna Wilmot, and Mary Grandson will be difficult to replace.

Taking their last splash for Gables were Clyde Epperson, Jim Cunningham, Angus Ross, and Doug Jones.

At least six of our graduating seniors will receive scholarships to various universities throughout the United States.

Caught in mid air, Marshall Magruder and Jim Mairs demonstrate how a flying start improves time.

Jim FitzGibbon, freestyle sprinter, has led the team to victory. Jim is rated All-City, All-State, and All-American.

All-American Art Paterson can boast of numerous first place awards including the Junior Olympics and Junior Nationals.

The starters gun sounded on opening day with the Cavaliers facing the always strong South Dade team. With a wide range of talent and eight all-important returning lettermen the 1958 squad was destined to bring more honors to Gables.

Veterans of the cindered oval, like milers John Greene, Brian Almack, Quentin Till and Gus Adams, racked up points for Gables. Steve Sentefit, 100 yd. dash, Mike O'Brien, high jumper, and Dale Murphy, who overcame a pre-season injury, proved a winning force.

Gus Adams, William McCarthy, Tom Marks, and Alan Sockloff get off to a fast break at the sound of the starting gun.

Coach Ed Injaychock, assisted by Coach Jack McClosky, felt that the pre-season build up of John Pennel, ace pole vaulter, would be realized.

Don Gentry and Tom Schultz, old hands at discus and shot put, proved valuable in the final scoring. All round athlete, Dean Wright, was a five event man for the crimson and gray.

Highlight of the track season was the First Invitational Tournament in which seventeen schools participated.

Baseball Team Sparkles Against

Jack Ross shows bunting technique that wins games as catcher Dick Worth calls signals.

As the Coral Gables nine took to the diamond this year they knew it would be a long, hard session. With high spirited determination, the team of 1958 set out to better last year's standing of second in the district. Managing coach Bill Byrd lined up a full schedule of eighteen games. With over sixty boys trying out, Coach Joe Krutulis had a wide array of talent from which to choose. The eight returning lettermen proved to be the main stay of this season's squad.

The infield shaped up through the efforts of Billy Williamson, Dale Woolbridge, and Bob Hillman. Jack Ross, Bill Hager, and Jack Eldridge handled the outfield chores. Duncan Werth and Bob Bridgham, experienced catchers, kept the baserunners hugging the bags. Representing the Cavalier nine on the mound were Ed Zito, Chuck Landau, and Charlie Nobles, whose pitching ability put an end to the hopes of many ambitious batters.

Coach Clarence Drepperd and Capt. John Montgomery led the team.

The 1958 linksters opened play with an all out drive to break the long standing jinx that no recent South Florida team has captured the State Championship.

In his second year of varsity golf, John Montgomery kept his game low, but scored high as the captain. Never trying to play through, yet always close behind, returning veteran Mike Silbert, gave the team its depth.

With the introduction of new rules, Coach Clarence Drepperd felt his players would have more of a chance to achieve an undefeated season. Under these rules of one match a week and a maximum of nine holes to be played each match, the new members had more opportunity for practice.

First year team members such as William Kennedy added much to our winning potential.

Sophomore Joan Fink and Junior Mary McEvoy held down the girls' side of the team.

Gables' Champion Tennis Team

Boys' team—*First row:* Francis Cooke, Pete Slotta, Barry Betz. *Second row:* Ronald Rosen, John Karabasz, Frank Froehling III, John Jamison, Coach Bill Fisher.

Coral Gables High School has dominated tennis competition in Florida for many years. With 85 straight victories to its credit, the team has reigned as State Champions since 1949. Tennis has brought more trophies to the school over the last three-year period than any other sport. Composing the team for the 1958 season were nine returning lettermen backed up by a score of new players.

John Karabasz and Lourdes Blanco-Fombona are the captains of the boys' and girls' team respectively. John was aided by Frank Froehlingr who gained national recognition in the singles division, and Francisco Montana, an outstanding doubles player. Lourdes, along with Linda Thorn paved the way to victory for the girls' team.

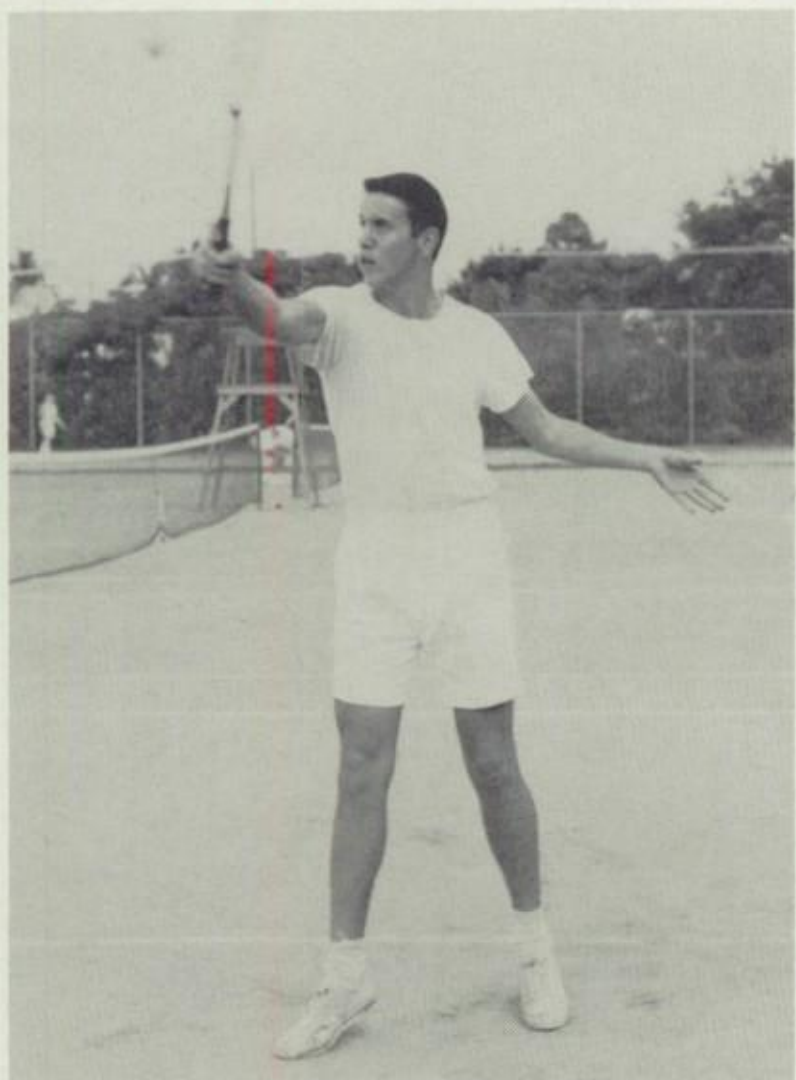

Gables' number one girl player, Gay Miller, is ranked 18th nationally. Her speed and powerful forehand down many opponents in competition.

Ronald Rosen smashes ball over the net to stop foe.

Coral Gables' famous "Band of Distinction," under the direction of Mr. Edwin T. Cook, has achieved many honors in the field of music. It holds a high place on the ladder of success. You name it, the band can play it; jazz, long hair, or popular. It has helped to make the wonderful events in the life of a high school student even more wonderful. When the band plays the Alma Mater or the "Star Spangled Banner," we have a feeling that can't be expressed; pride for our country, school, and Band.

The deep boom-boom of the tuba usually brings up the rear of the band but this sound, along with a good many others, has put Gables way in front.

Pert Majorettes Strut for Gables

Coral Gables Majorettes are, *kneeling*: Jeanette Pierce, Pat Beville, Elaine Crawford, Dee Stanfield, Marion Nestor and Suzanne Renuart. *Standing*: Midge Evans, Pat Boone, Jean Vliek, Mary Purdue, Bonnie Bullard, Barbara Rosher, Alice Cameron, Judy Poore, Judy Kapner, Ginger Nobles and Judy Gordon.

Drum Major Frank Brown and Head Majorette Barbara Rosher of Band of Distinction.

Coral Gables' Majorettes, pert and pretty, paint a pleasing picture as they precede the Band down the Boulevard. As they strut, with Barbara Rosher in the lead, they perform their thrilling and tricky routines.

Along with the band, they appear in many parades and half-time shows. Many long hours of tedious practice go into their routines, but the results are worth it.

In practicing, our majorettes seem a little uncoordinated.

Orchestra Gives Christmas Concert

Officers of Orchestra are, *seated*: Betty Carter, Sandy Scherer and Virginia Herrmann. *Standing*: Melinda Park, Harriet Silverstone, and Mr. Paul Cremaschi. They work to better their organization.

Orchestra, under the direction of Mr. Paul Cremaschi, is especially designed for those promising musicians primarily interested in string instruments. This organization is of extreme importance to our music department and to all true music lovers.

A delightful concert was given, by Orchestra and Chorus together, at Christmas. Other personal appearances were made and more and more people learned to understand and appreciate the beauty of classical music.

Orchestra Members are: Ashe, Barish, Bell, Black, Blume, Brown, Buckman, Carter, Eastridge, Ekker, Elinoff, Everingham, Foster, Freeland, Hancock, Herrmann, Hurwitz, Jones, Jordon, Lehew, Matthews, Miller, Mitchell, Moore, Park, Radel, Rosenberg, Scherer, Seckel, Silverstone, Stadtlander, Stewart, Stubbs, West, Whittaker, Williamson, Worssam, Wright.

Music Also Has a Lighter Side

Chorus members try a switch in tempo as they listen to some rock and roll.

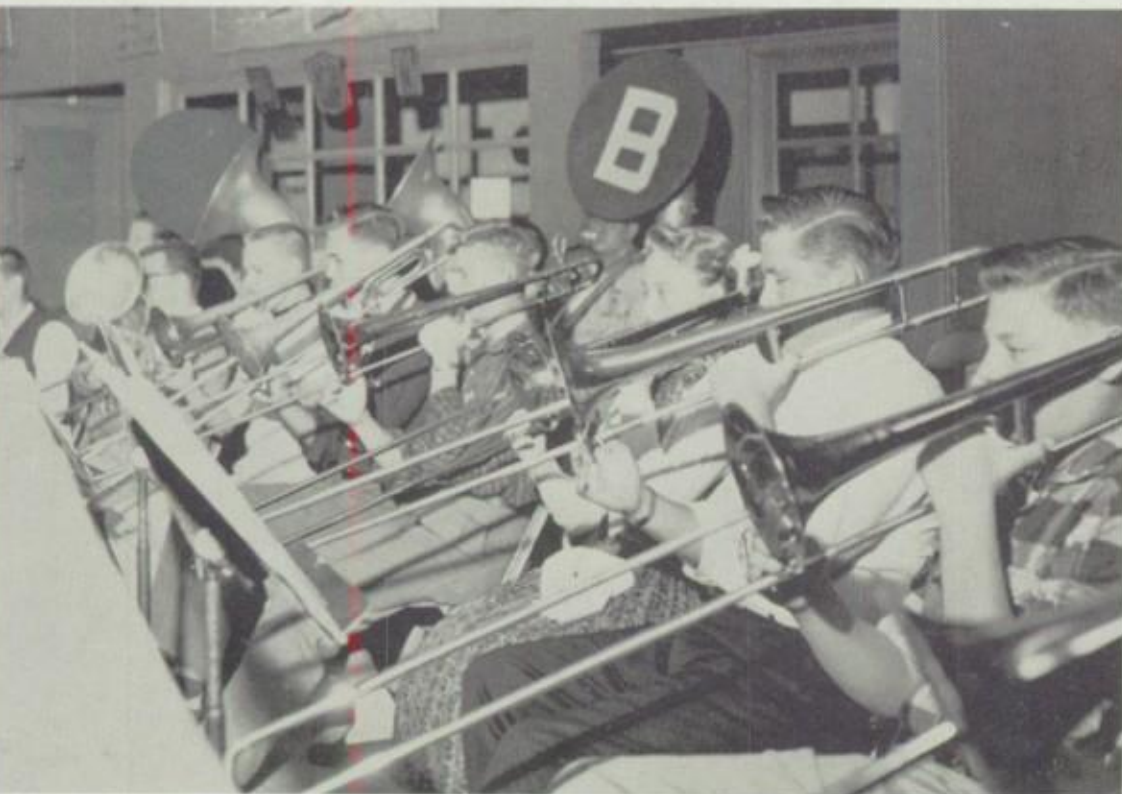

Lorraine Weiss, featured soloist, sings in Chorus concerts.

Mr. Cook leads his band in an industrious practice session.

Enterprising young musicians are getting ready to close shop.

Blasting their way to national fame, the trombones add color to our talented band.

CHORUS

Singing its way into our hearts, Chorus, under the direction of Mr. Millard Walker, has reached the top of the ladder of success. It has performed in numerous concerts, shows, and contests, and as usual, it has made us proud that it bears the name of Coral Gables High School Chorus.

All of the Chorus members work hard to achieve the maximum. They practice many long hours before each performance.

At Christmas time, along with Band, they presented the Christmas Concert, which was enjoyed by all who attended. An annual project of Chorus is the selling of candy bars which finances the group in taking its annual trip.

It was another wonderful year for Chorus, which in turn helped to make it another wonderful year for Gables:

MODERN DANCE

An enjoyable portion of each half-time show is the performance put on by Modern Dance. Whether doing a Charleston or a boogie, these girls capture the audience's attention with their amazing routines. Their capers and antics have helped to make many occasions memorable. Directed by Mrs. Helen Smith, the group works hard and long to reach its goal.

Modern dance members rehearsing an effective pose are: Melani Buck, Susan Smith, and Joy Morris. *Standing:* Sharlyn Smoot, Carol Ann Powelson, Warrenne Beecher, Vasha Nowakowski and Barbara Lokau.

Cheerleaders Build School Spirit

"Hey, hey, all the way," scream our vivacious cheerleaders, as the crowd watches the game intently.

CHEERLEADERS

"Ready-o, let's go," cry our energetic cheerleaders when beginning to cheer. These ten girls are responsible for the spirit and morale of students and teachers alike.

Clad in their crimson and gray they cheer at our games, bonfires and pep assemblies. They boost us when our spirits sag and keep us cheering when we're on top.

Under the capable direction of Miss Felicia West, the cheerleading squad works constantly to achieve perfection. Any girl with an average of 2.6 is eligible to try out for membership.

Drama Has Professional Skill

A scene from the amusing comedy, "We Were Young That Year." My, what interesting records!

Calling all potential actors and actresses! Our drama department, under the skillful direction of Mr. David Feldman, offers opportunity to young Bernhardts and Barrymores.

In their professional production of "We Were Young That Year," the young thespians showed much promising talent. Later in the year they also presented "Theater 701."

Acting isn't the only form of drama represented at Gables; lighting, make-up, sound, and directing also have an important spot.

While these combinations compose the theater, drama itself, on its shoestring, is a valuable part of Gables.

This motley crew seems enhanced with the silly antics of Hurl Aikens, a member of the cast.

In Staging "We Were Young That Year."

In auditioning for his new production, Mr. Feldman explains a scene to the potential players.

In the second phase of production, the director prompts a scene.

Little glory is paid the technicians for performing their tasks.

Opening night, at last! The play becomes a well-deserved success.

ACTIVITY WEEKS

Activity Weeks at Gables are two weeks to remember. The students and faculty alike thoroughly enjoy themselves even while accomplishing their routine duties. This isn't difficult because the various activities planned are guaranteed to keep any active student or teacher occupied.

Homecoming Week, which climaxes the football season, offers enthusiasm and fun galore. The Student Body elects a Homecoming Queen and Court from the Senior Class. The Queen of 1957-58, Cynthia Hymes, was crowned at the Dance, which was sponsored by Student Council. Sharing her reign were Sharlyn Smoot, Saralee Smith, Bonnie Brown, and Pris Katz. These popular and pretty girls reigned over the remaining days of Homecoming Week. The Bonfire was great, despite the efforts of "Old Man Rain." A huge bonfire was built and the students, led by our cheerleaders, cheered the team on to win their final game. A giant motorcade accompanied the team to the PBA Field where they defeated Miami Jackson. A Victory Sockhop was held in our gym.

Energetic Gableites join in a war dance around the bonfire.

The second week of fun fell in the Spring, just when spirits sagged. Carnival Night was what the doctor ordered for spring fever. The entire Student Body took part in this annual event.

Student Activity Weeks certainly helped to make this year one to remember.

Enthusiastic football fans braved the downpour to attend the Homecoming Bonfire.

Some look happy, some dreamy; but all the couples seem to be enjoying themselves.

STUDENT COUNCIL

Student Council or Student Government, it's called by different titles in different schools. Wherever it is or whatever it's called, Student Council is an extremely valuable portion of any school. Our Student Council is the governing body of Gables High. It sets down rules and regulations and sees that law and order prevail in our halls.

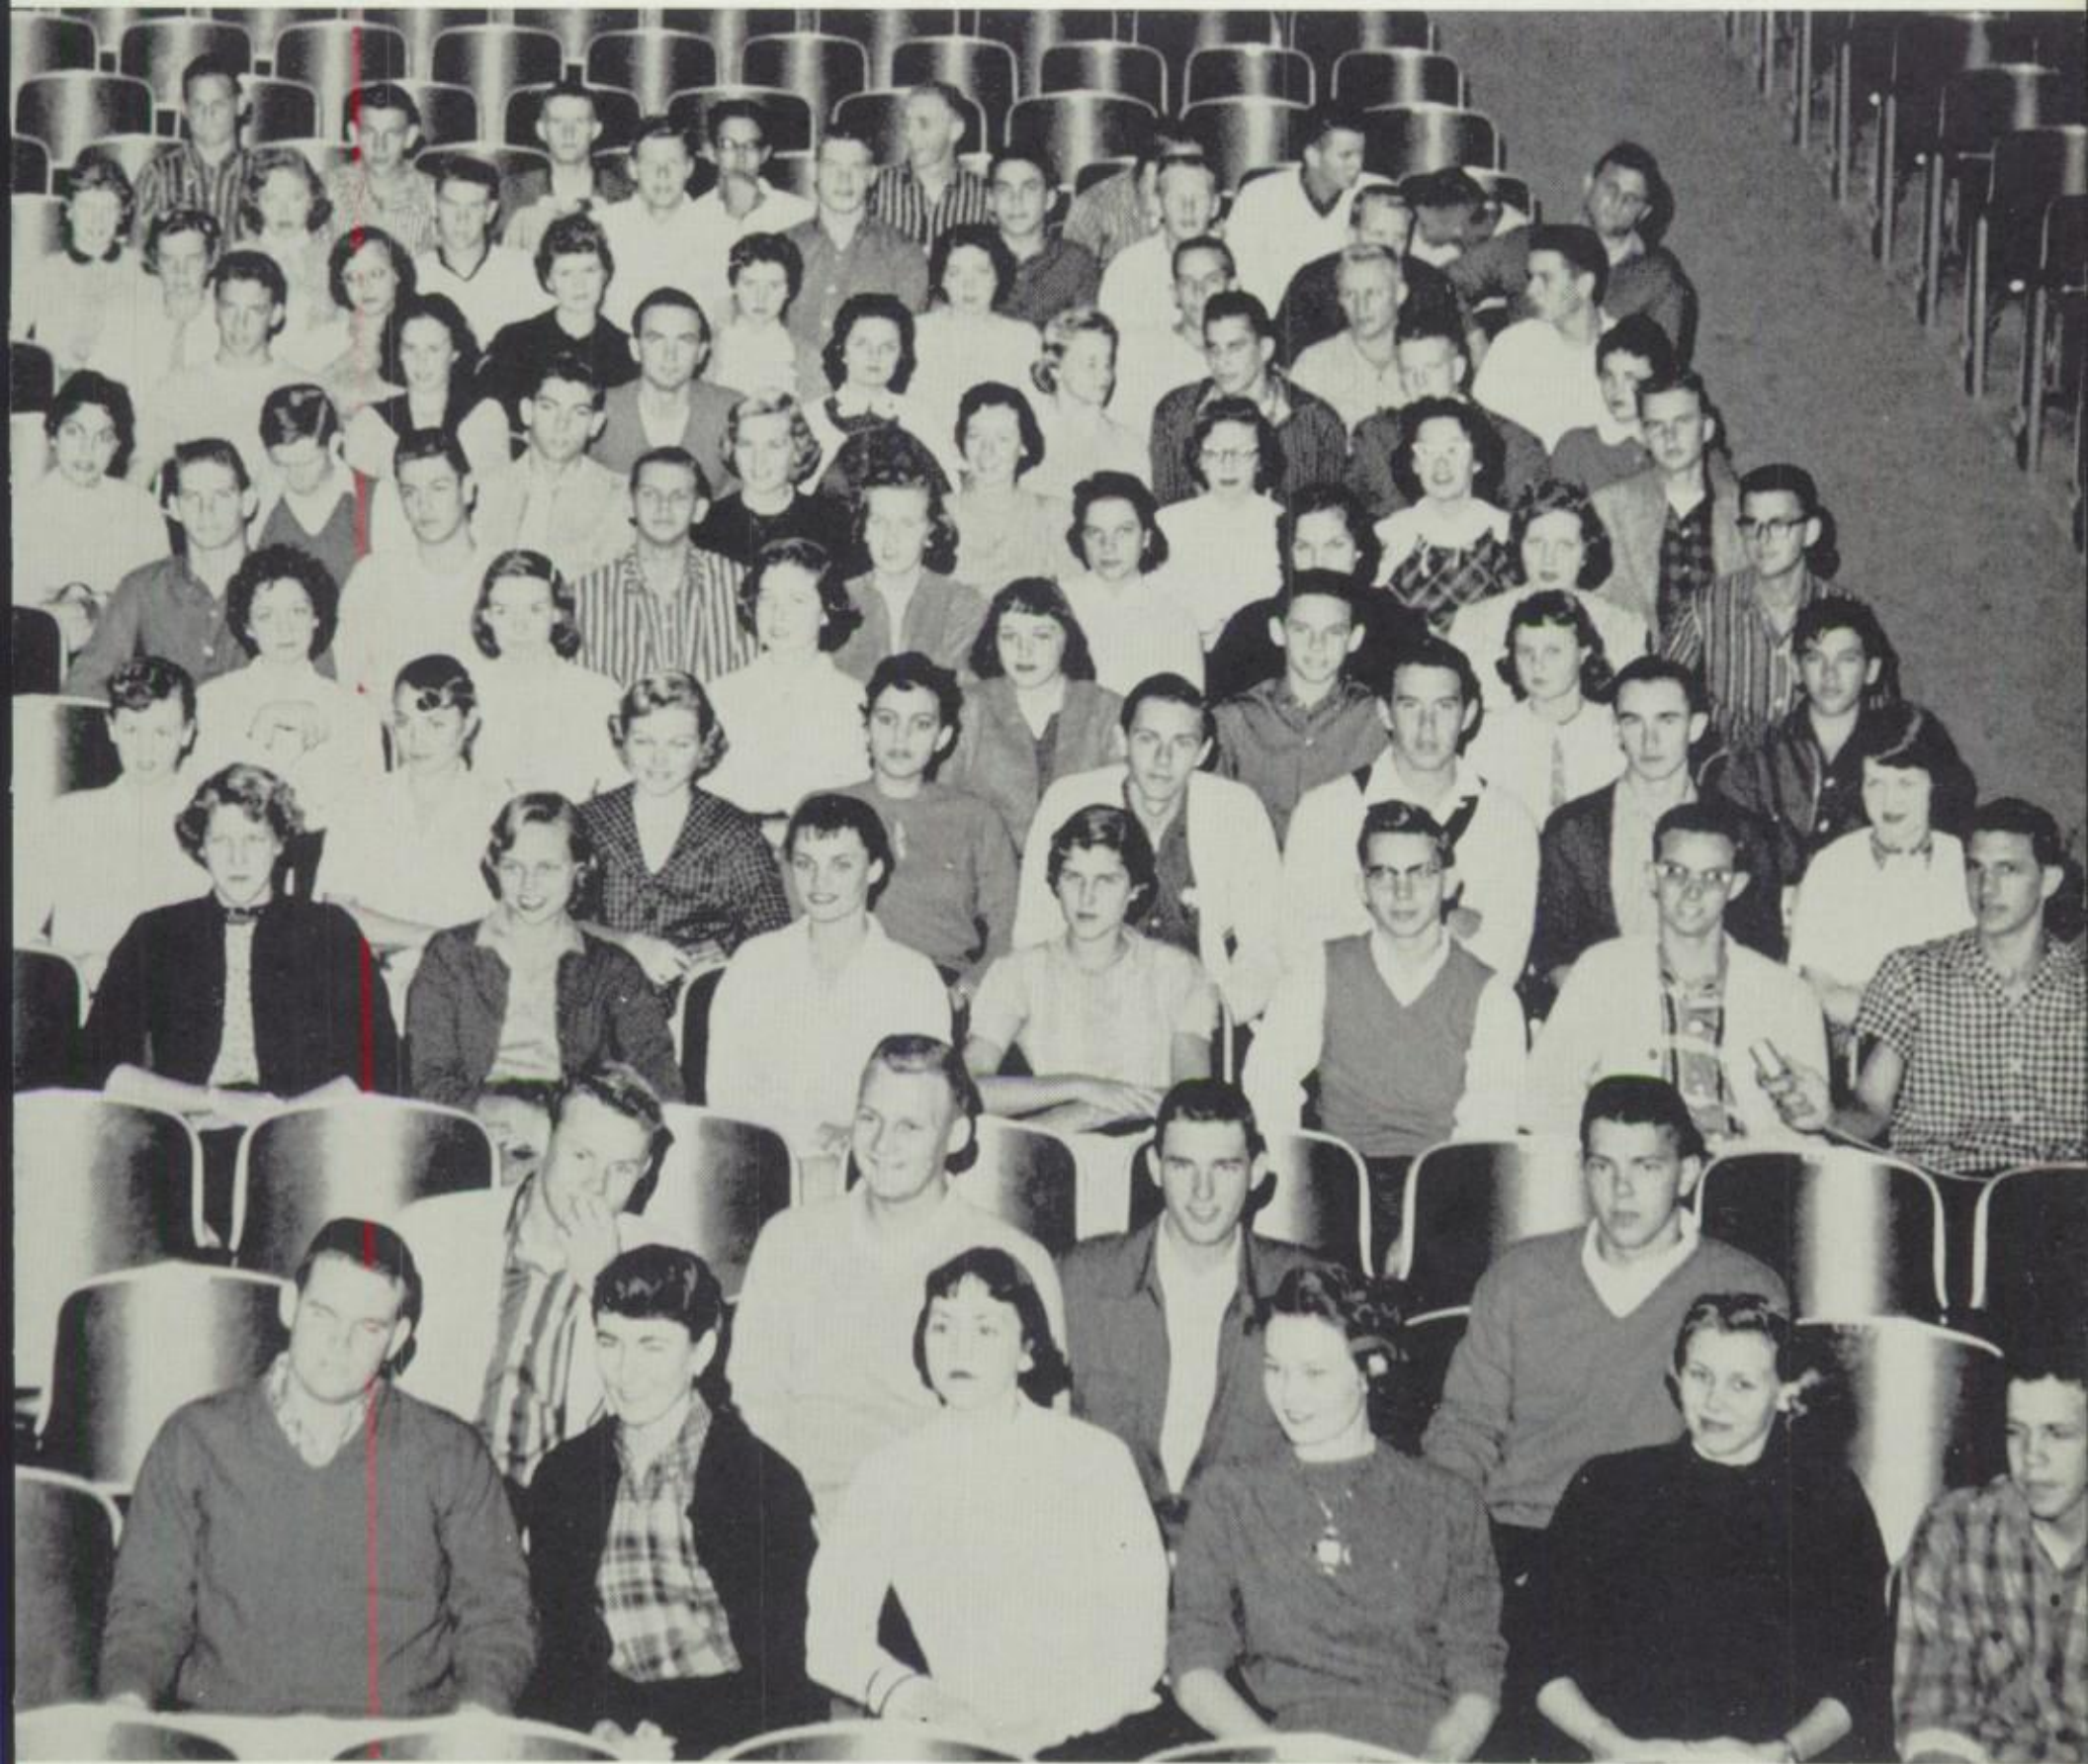

Mr. James Corcoran, Director of Student Activities, steers our

ship through seas both calm and choppy. The hard working officers toil ceaselessly for their school through the medium of Student Council. It is composed of elected representatives from each home-room, junior, sophomore, and senior alike, and an appointed cabinet. Throughout the year, month after month, Student Council carries out project upon project; identification cards, homecoming week, book covers and the informal, yet so enjoyable, sock hops.

Student Council Cabinet, *seated* are: April Fisher, Suzy Leffingwell, Kay Whiteside, Sue Skelton, LaDonna Perry, Patty Rethorst, Don Gentry, Henry Garrison, John Cleveland, Lewis Spratlan and John Stearns. *Standing*: Bob Sutton, Richard Bagby, Trent Woods, George Crawford, Camillo Vallejo, DeBlois Milledge and Worth Crow. *Not pictured*: Priscilla Katz, and Betty Ann Sheppard.

for Law and Order Within Our Walls.

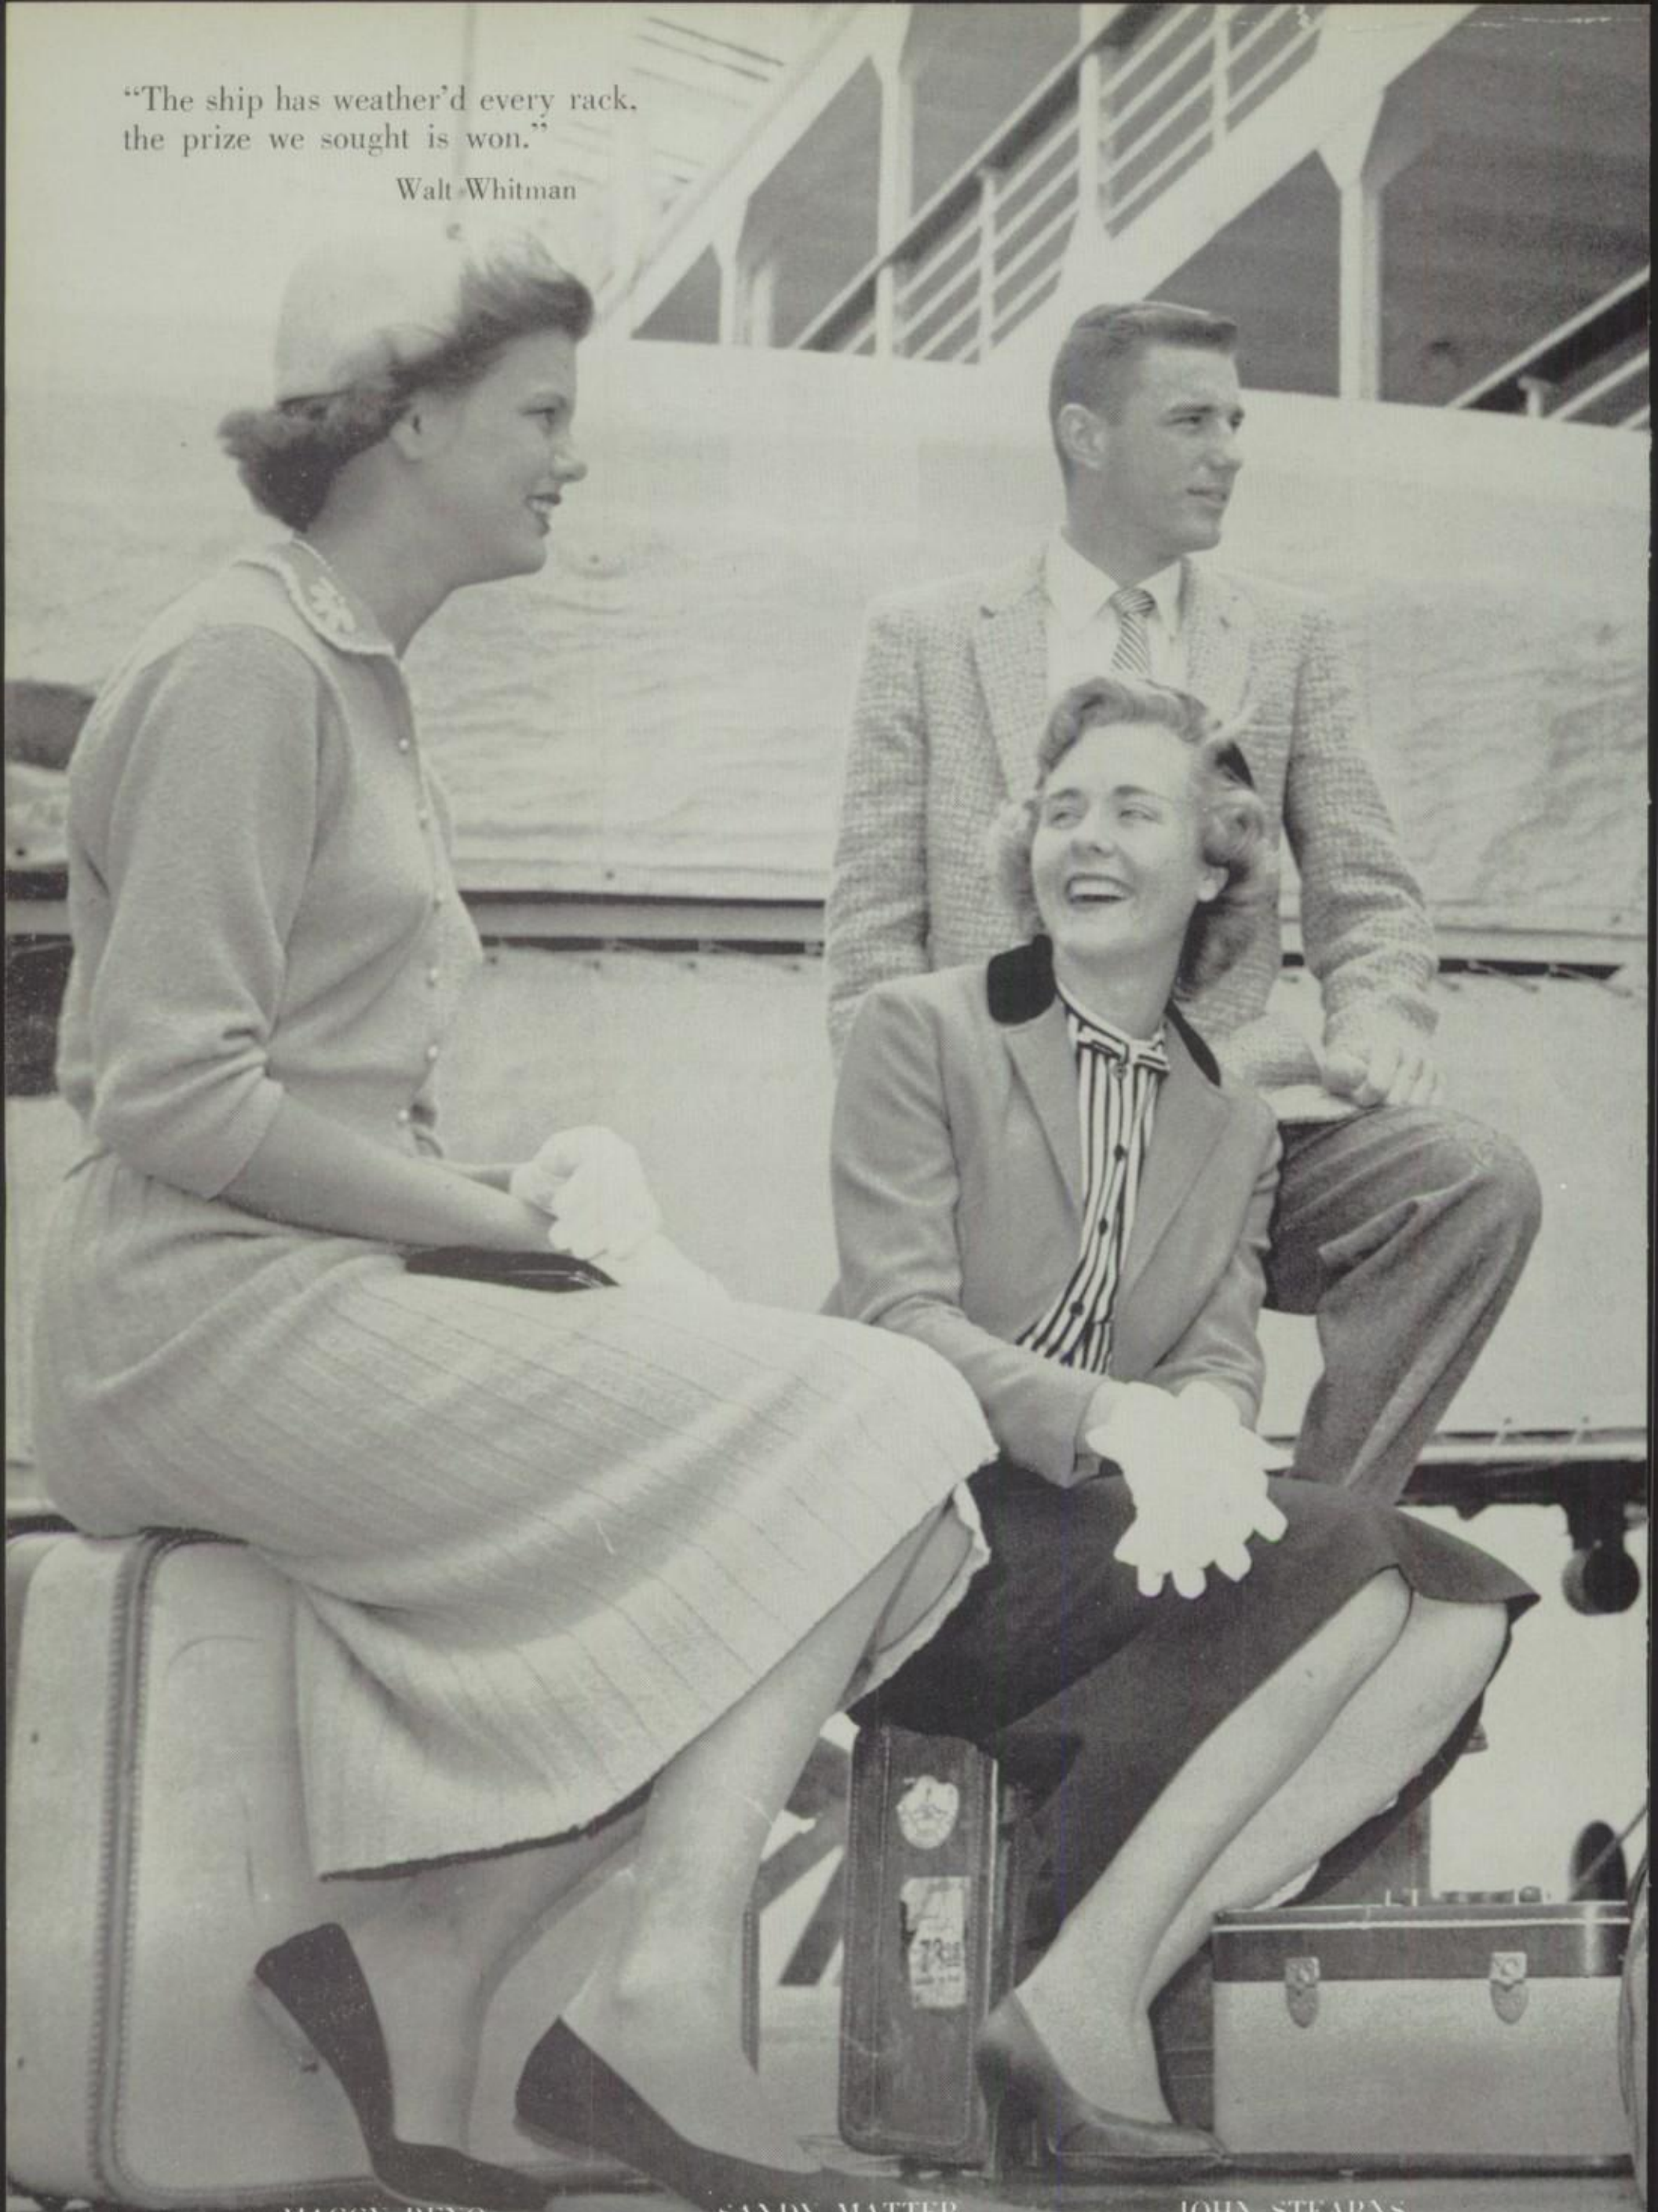

Student Council, representing the student body at Coral Gables, is a highly efficient organization which meets every two weeks in the auditorium. This year the Council

undertook the difficult job of revising the school Constitution. Recommendations were made and finally, after many hours of discussion, a new Constitution was adopted.

Student Council Members are, *first row*: Cleveland, Leffingwell, Sheppard, Perry, Whiteside, Milledge. *Second row*: Gentry, Spratlan, Stearns, Woods. *Third row*: Woods, Marion, Stuart, Harris, Gardner, Dense, Creel. *Fourth row*: Noggle, Moseback, Garty, Andrews, Zito, Karabasz, Sullivan, Haley. *Fifth row*: Shearon, Le Bourg, Dawes, Wolfe, Watson, Watson, Penny. *Sixth row*: Magruder, Burkhart, Cole, Griffith, Caldwell, Johannsen, Walters, Kyle. *Seventh row*: Bergen, Cox, Lee, Brown, Hay, Barron, Cubillas, Oliver. *Eighth row*: Gateman, Dross, Clinger, Watson, McLean, Watson, Ross. *Ninth row*: Mangles, Eastridge, Brewer, Conn, Rosher, Abbott, Huddle, Jamieson. *Tenth row*: Dorn, Goss, Morrison, Smith, Findley, Lagomarcino, McIlwain, Rowe. *Eleventh row*: Pipers, Anon, Deigaard, Snare, Dunner, Robinson, Ross, DeFoor.

CLASS OF '58

GRADUATION! That time is almost here when we will walk down halls together for the last time . . . we are happy, but at the same time sad, because Gables has become the center of our lives . . . as our thoughts glide back, we remember entering the school as sophomores . . . we were really green . . . we fell for the old lines about swimming pool tickets and escalator passes . . . gradually we became a part of the school and contributed our part to that wonderful Gable spirit . . . we elected George Crawford, Priscilla Katz, Sharlyn Smoot, and Kay Whiteside as our officers . . . we had a wonderful year—school dances, class projects, and many other things all adding to it . . . at our Easter Ball we chose Dot McGoogan and Billy Williamson as our favorites . . . then it was our junior year . . . we were older and wiser and felt right at home . . . as our officers we chose Henry Garrison, Paul Huck, Priscilla Katz, and Pat Rethorst . . . we put on the King and Queen of Hearts Dance and chose Trent Woods and Bonnie Brown as our King and Queen . . . to climax a great year, we sponsored the fabulous Prom, the dance none of us will ever forget . . . when we entered school in September, it seemed strange, for we had finally “taken over” the school . . . at long last we were seniors! . . . we attended school functions for the last time . . . football games, Homecoming Week, the Cavaliette Musical, the Mardi Gras, spring sports, and the Cavaleon Cavern . . . all those tests we took—college boards, senior placements, final exams . . . then the Prom, our wonderful Prom . . . we may be leaving Coral Gables High, but not the memories we have of it, for a part of Gables will always be with us.

CAVALEON SALUTES

The staff of Cavaleon salutes these members of the Class of '58 for their meritorious achievements. While gaining honors they helped make Gables more truly the School of Distinction. Their generous contributions and loyalty typify the best ideals of Coral Gables Senior High School.

BONNIE BROWN . . . Tireless and charming worker for Gables and also, among other honors, Queen of the Mardi Gras.

FRANK BROWN . . . He strutted proudly and Gables proudly salutes him. Drum Major extraordinary and excellent scholar as well.

LILLIAN ECCLES . . . Cavaliette Captain, Calendar Girl and oh, so many more honors came to her. Honors that were all well deserved.

JOHN CLEVELAND . . . If he ever quit smiling there would be a pall on Gables. Editor of N.F.L. Calendar, Boys' Nation and good all-round Gableite.

SANDRA MATTER . . . Senior Class secretary, and all kinds of other responsibilities didn't seem to wipe that delightful grin off this girl's face.

GEORGE CRAWFORD . . . Student Council prexy, athlete, member of the House of Burgesses—You name it, he is it.

SALLY PAGLIUCA . . . Her dramatic talents made our productions outstanding. Long hours of work and rehearsal resulted in a smooth performance that was a delight to witness. We award her our Oscar.

WORTH CROW . . . Brains, industry and modesty are beautifully balanced and assembled in this boy. If Crow does it, it is done and done right. With no further ado, he is off to the next business at hand.

MARGARET RENO . . . Champion debater, deep sea diver—is there no end to this girl's talents? Incidentally (?) a Merit Scholarship Finalist.

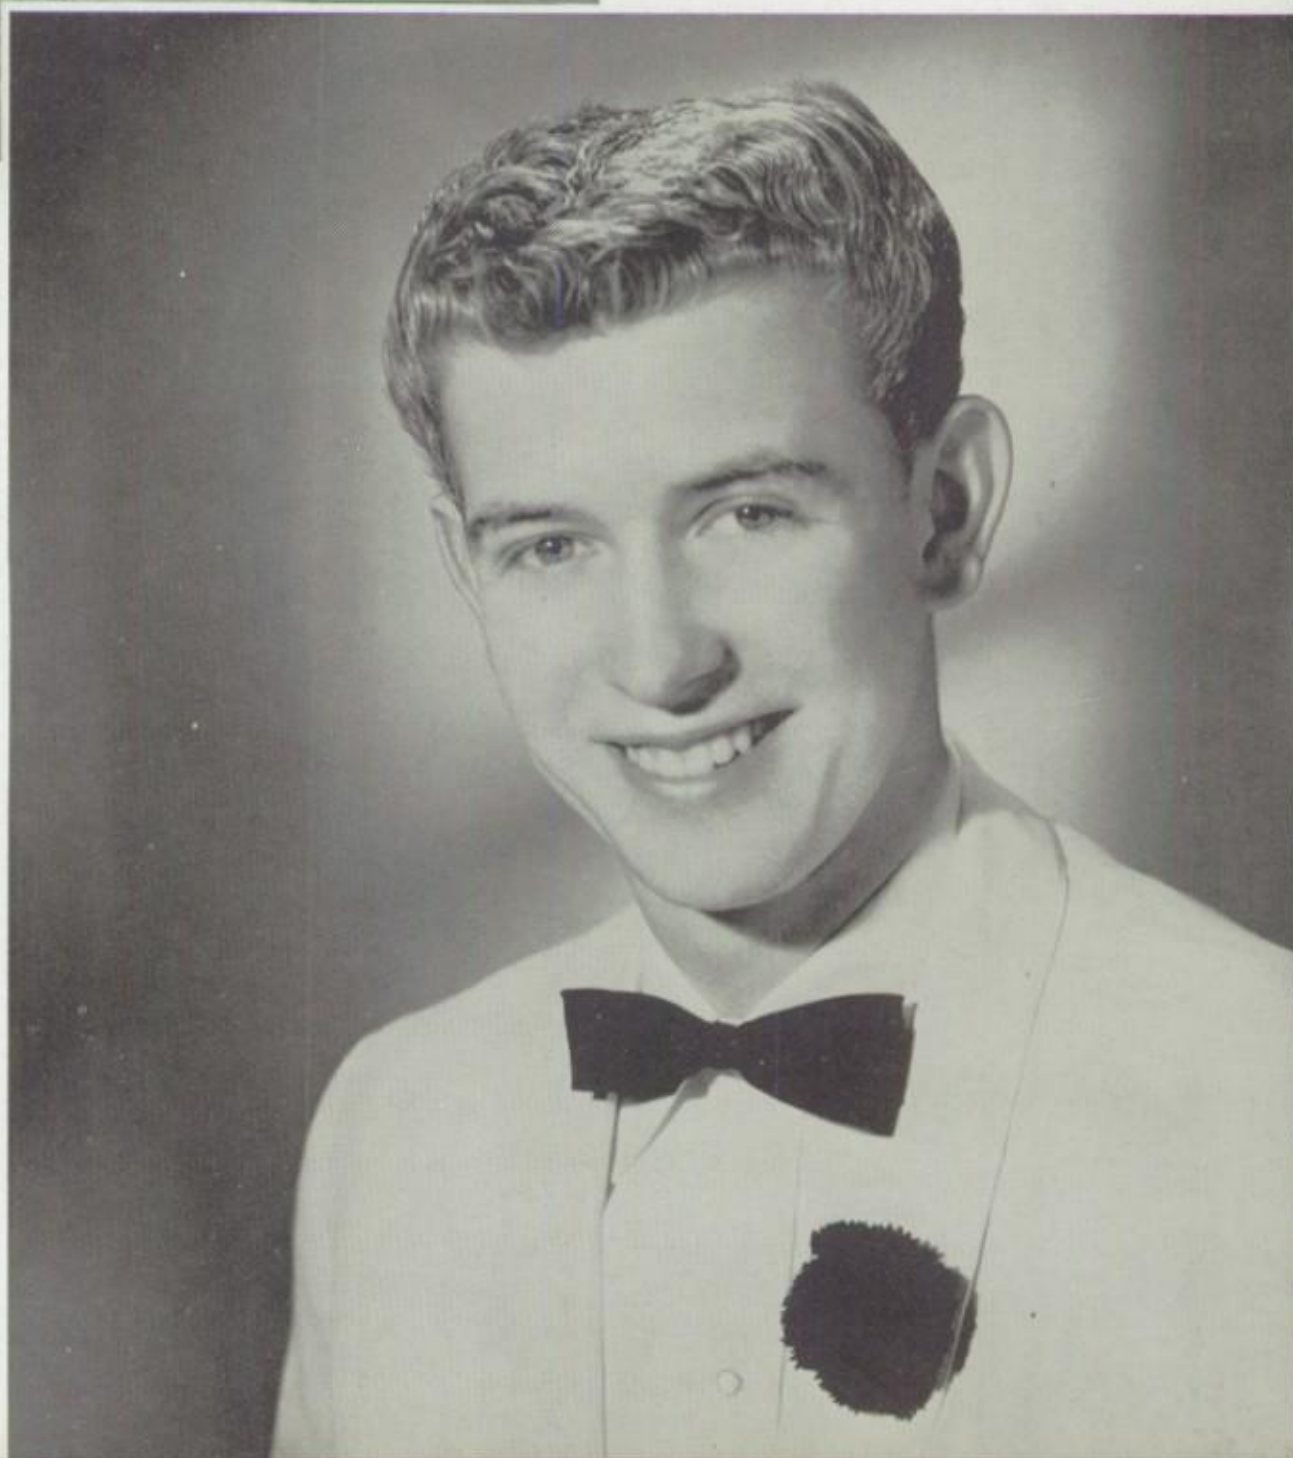

HENRY GARRISON . . . Star athlete, class executive, Merit Scholarship Finalist. How can one person be so many things—but Garrison is. We salute him further for his delightful modesty.

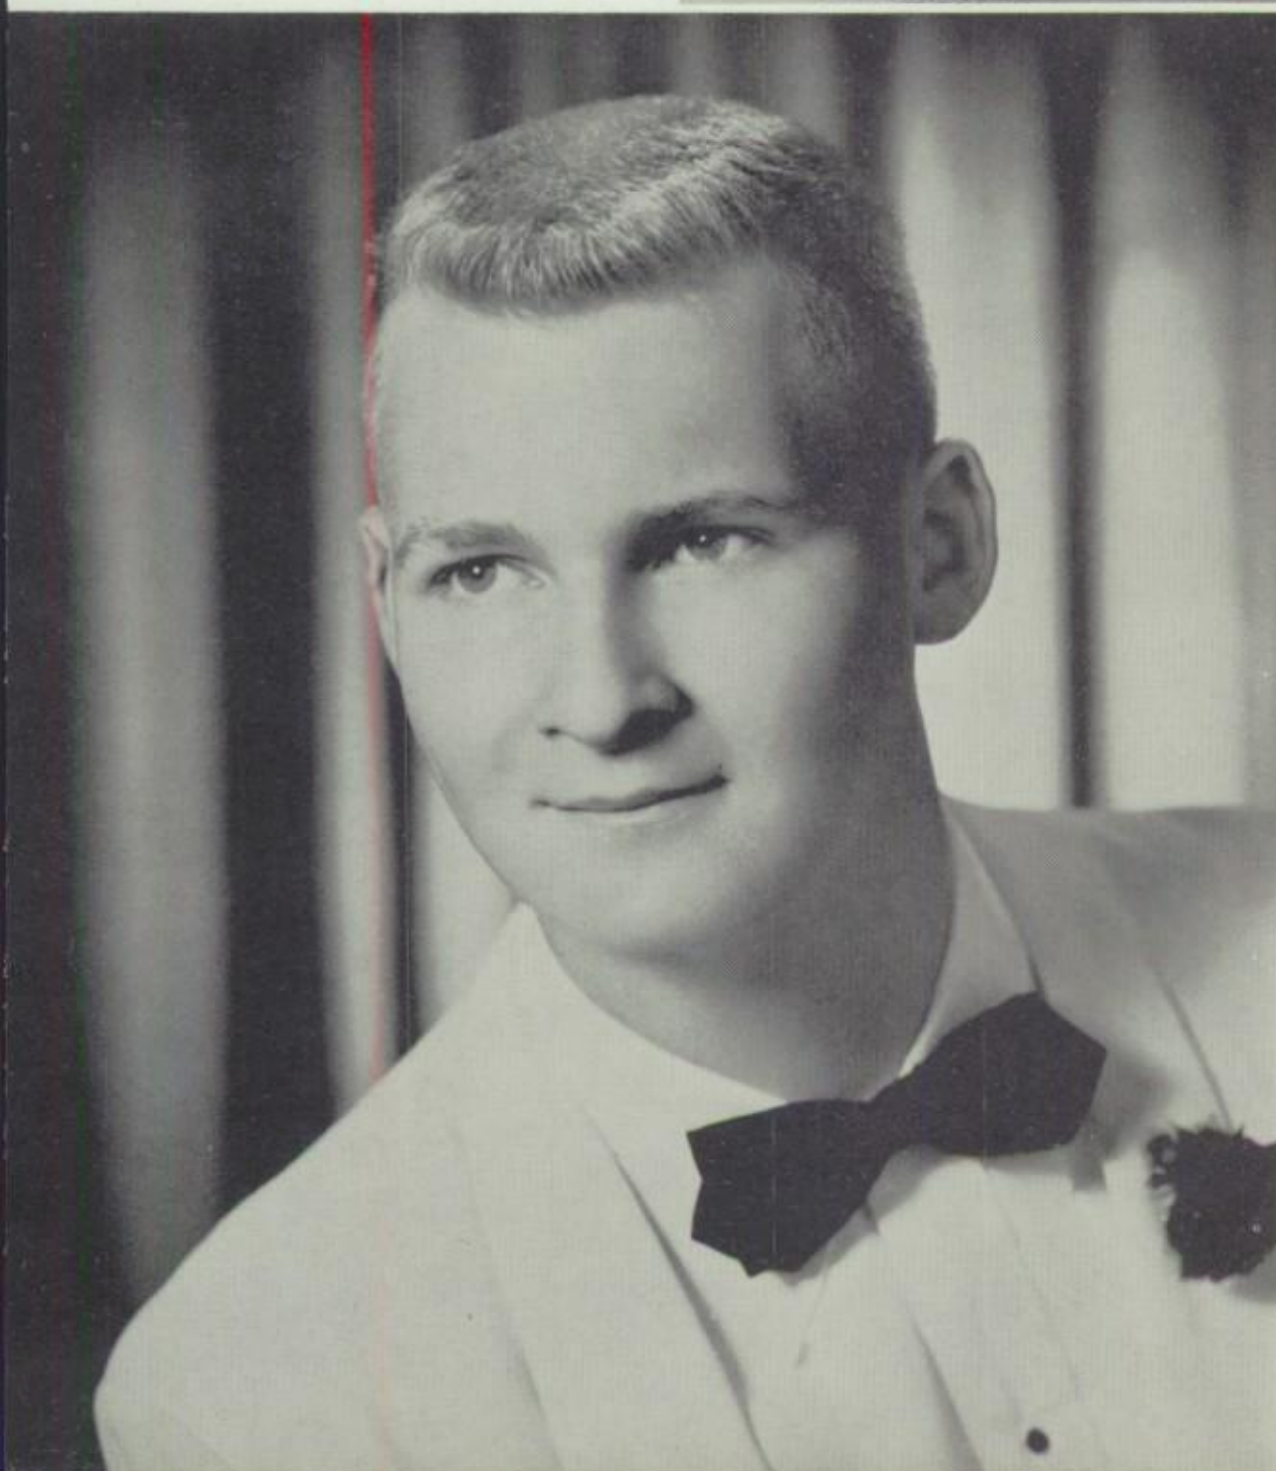

PATTY RETHORST . . . That tiny streak of lightning flashing down our halls doing class treasury chores and committee errands is Patty. They were always done on time and—have you ever seen her not smiling?

DUKE GREEN . . . Born with printer's ink in his veins, he became our editor. His scholastic record belies the usually accepted version of the "newspaper man."

ELLEN SEVERSON . . . Where there's music—there's this angelic looking girl. Organ . . . piano . . . her playing has gladdened our concerts. Television also discovered her so we view her at school and on screen.

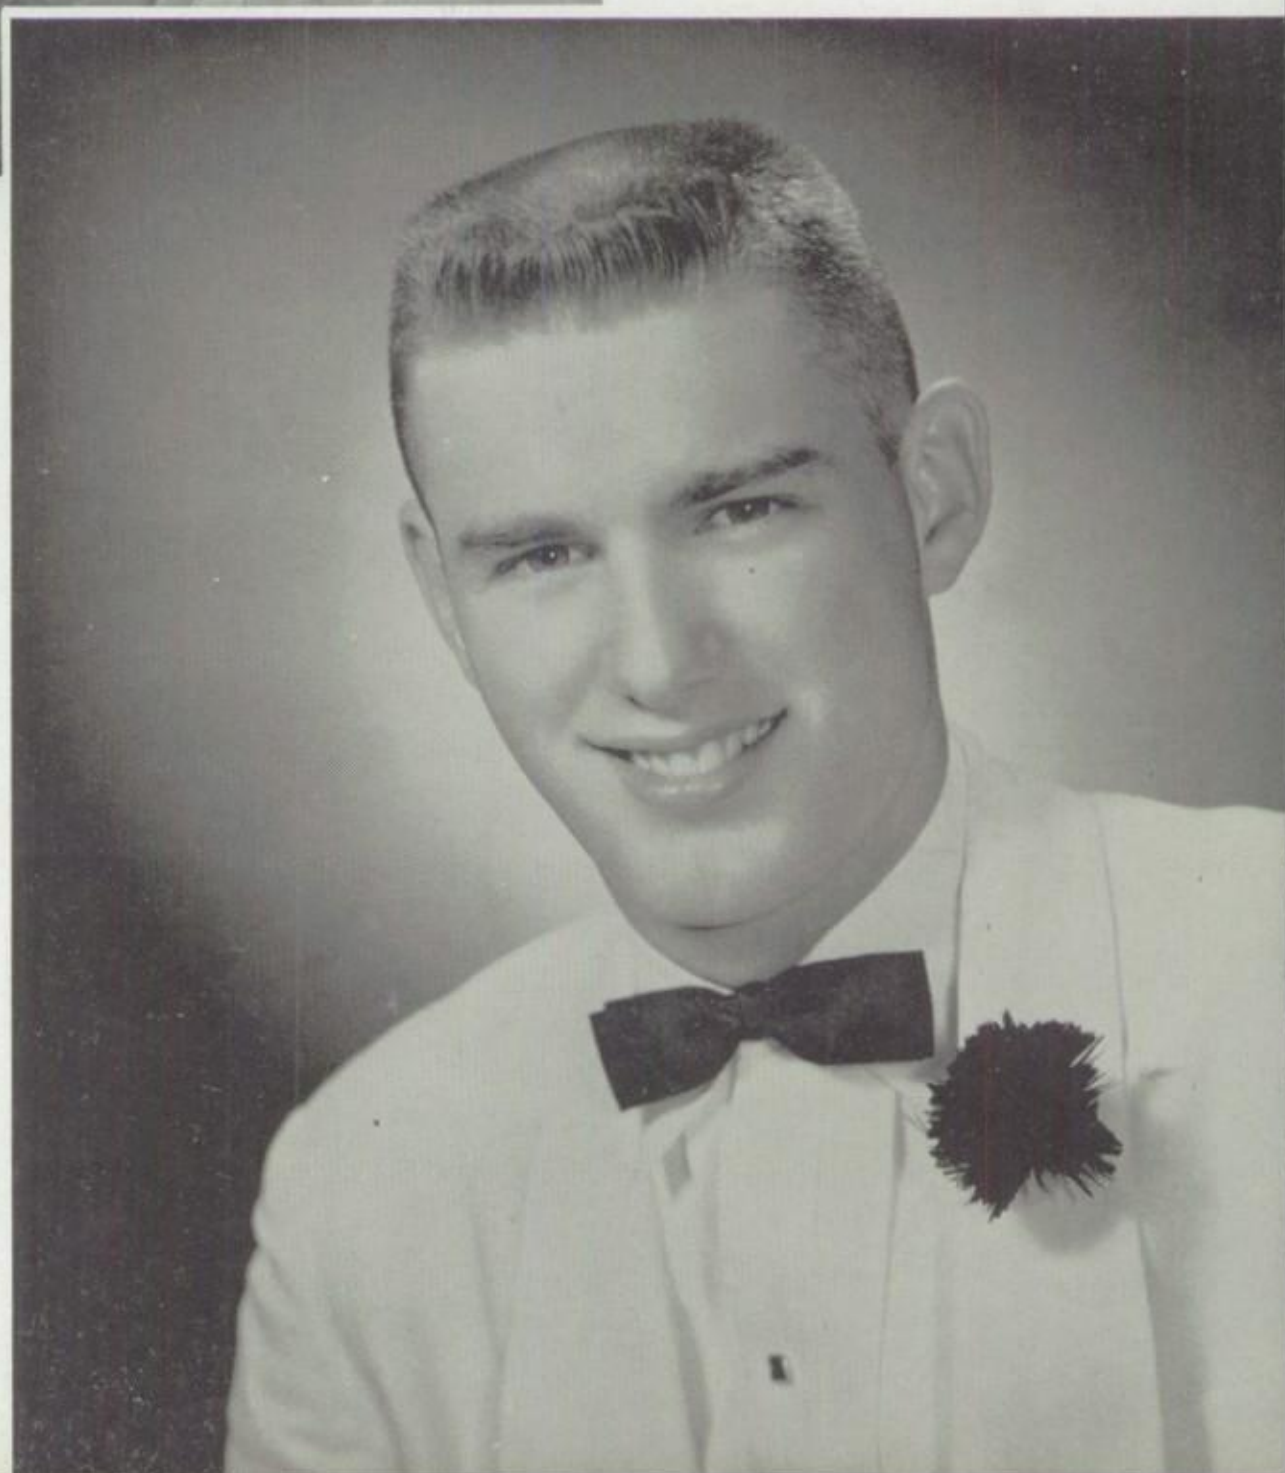

LEWIS SPRATLAN . . . A rare combination of scholar, musician, orator and essayist. Tops in each and still bearing the looks of the Man of Distinction.

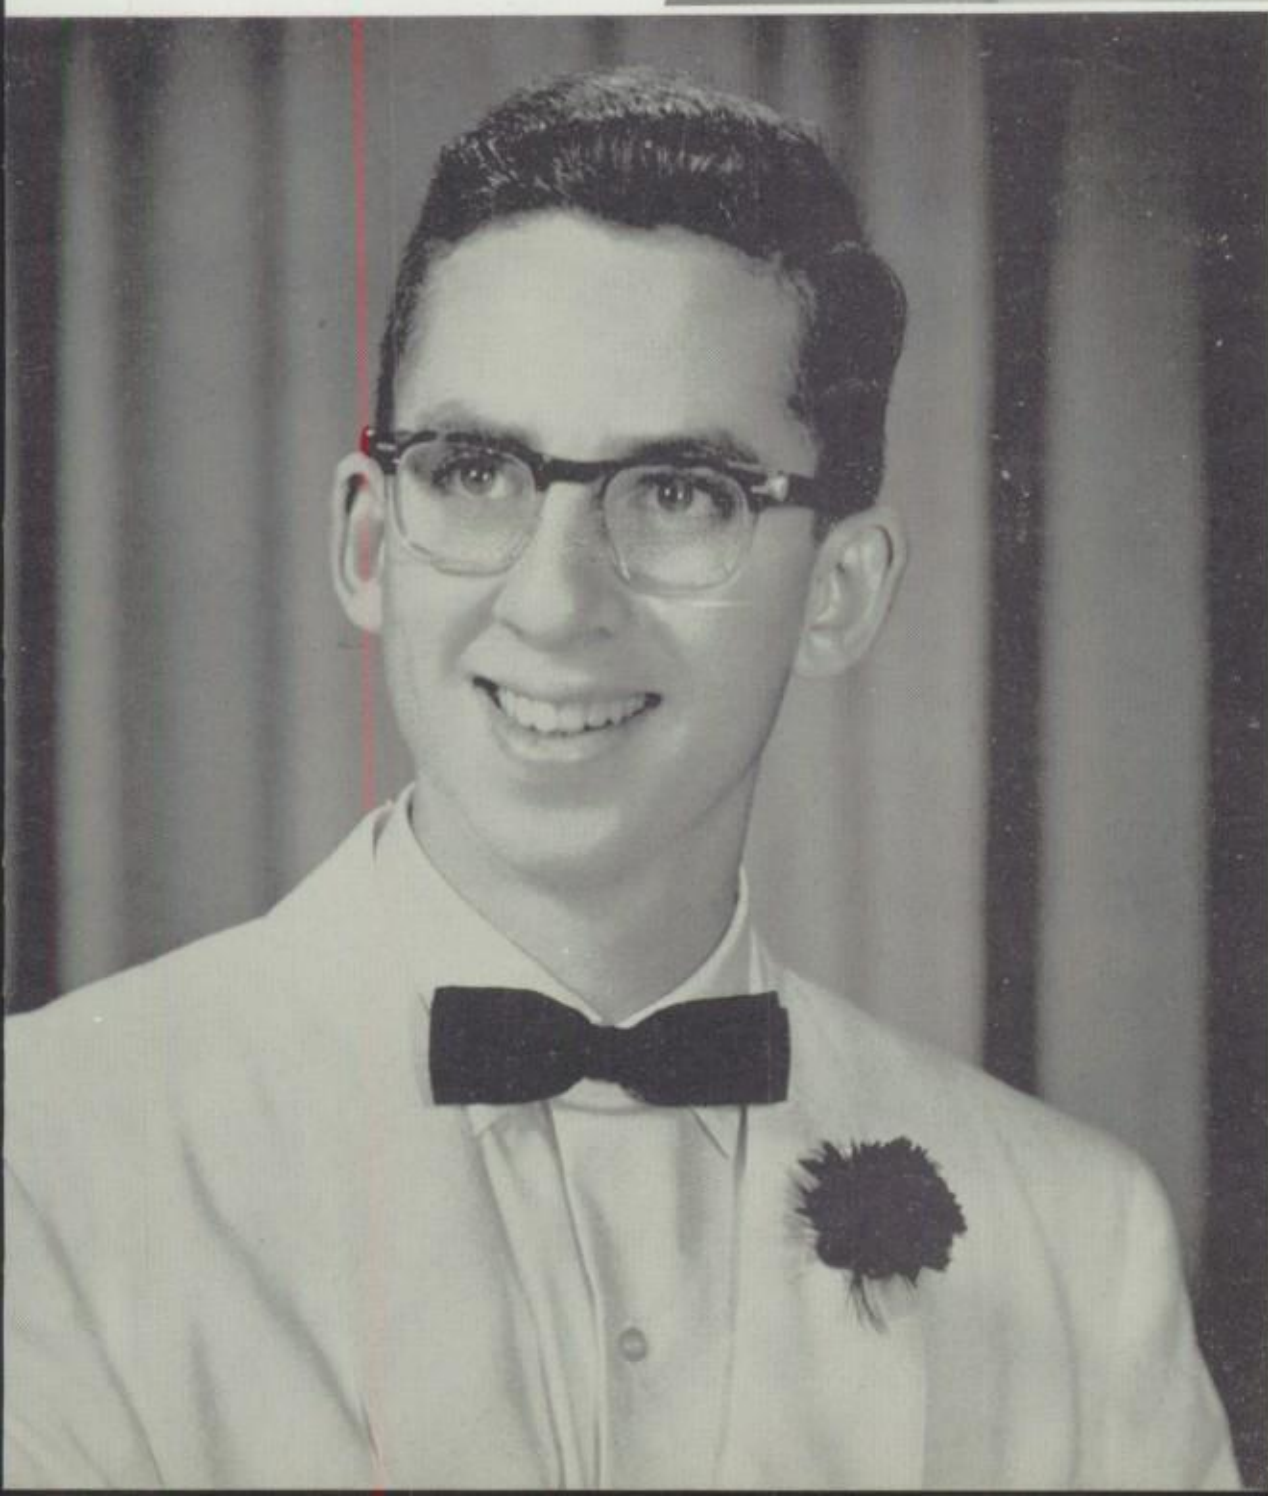

JEAN VLIEK . . . She has but one question—What can I do for Gables? Small wonder the D.A.R. awarded her its Citizenship Award. We give her diamonds in her crown.

JOHN STEARNS . . . Senior Class Prexy, human dynamo and true executive. All in one package and with music added.

LINDA ANNE WILLIAMS . . . Journalist, scholar, editor. How can she do all these things so well and still be so beautiful?

ALAN ZAME . . . Gables' answer to Sputnik. Explored science and conquered chemistry. Merit Finalist. Besides all that, everybody likes him.

When we entered Gables as juniors this year, it didn't really seem as if it could ever have been strange or ominous . . . now at the end of our second wonderful year we can think about the great times we've had . . . at first upperclassmen seemed so far above us . . . the fees were really something . . . orientation . . . the thrilling assemblies and football games . . . the dances were beautiful and so much fun . . . so many, many sales . . . Activity Week . . . the Band of Distinction and our chorus . . . the Cavern . . . how time flies . . . our junior year now . . . all of last year's highlights repeated themselves . . . plus, of course, many, many added events . . . TIME and NEWSWEEK discovered our brilliance . . . those sixteen merit scholarship finalists . . . spring sports . . . swimming . . . our Valentine's Dance was too wonderful for words . . . then the Prom—it was worth every effort . . . as the year comes to an end we like to look back and think we have been Gables' guiding light . . . the sophomores are just becoming true Gableites . . . the seniors are mumbling something about "jobs . . . graduation . . . caps and gowns . . . college boards" . . . and all their other talk . . . we like to believe that we are the only sane ones around . . . next year as seniors we'll "take over" Gables . . . the last two years have been wonderful, but nothing compared to the one coming up.

Gables . . . so big, yet so small . . . finding our way around was confusing, but after a while, we caught on . . . and oh, the faces — new, bewildered, smiling, stern, but friendly ones . . . the faculty turned out to be the greatest . . . we'll never forget the semester fees and the sales, sales, sales . . . trying to remember names at get-acquainted parties . . . the thrill of assemblies . . . excitement of the football games . . . and all that homework . . . finally getting into the swing of things with dances, beach parties, coke parties . . . those short holidays were awfully welcome . . . Homecoming Week was something we'll never forget . . . or the cold, cold weather we experienced . . . then Christmas holidays were here . . . how time flies . . . how funny it felt to get out of bed early that first day of school in January . . . getting back into the swing of things took no time at all . . . then exams were upon us—they weren't as bad as we thought they would be . . . February and March flew by and soon we presented our annual spring dance—what a wonderful night . . . and out of nowhere cheerleading and Cavalierte tryouts came up (oh, our sore muscles!) . . . boys were praying to make varsity . . . and that wonderful Cavaleon Cavern . . . those dreaded exams that we passed after all . . . it was an exciting year, but next year we can lend the helping hand to lost sophs—that promises greater experiences yet!

ORGANIZATIONS

In a school as large as Gables, it is possible for students to find *ORGANIZATIONS* which are almost "tailor-made" for their purposes. Generally, the clubs may be classified into three divisions: service clubs, interest clubs, and honoraries.

Through these *ORGANIZATIONS*, members learn the basic principles of leadership and cooperation. The school benefits from the services of many of its clubs. Interest clubs channel leisure time into worthwhile activities. Honoraries inspire able students to achieve even greater attainment.

Just as the many mechanical parts of a boat work together to power the craft, so our *ORGANIZATIONS* work together to make the school year a success. In almost all cases, students find their horizons broadened by membership in the various clubs. *ORGANIZATIONS*, working together and as independent units, aid and benefit Gables and Gableites.

THE LAST WORD

Dear Crew,

We have a secret desire which has been cultivated over many long months. We're going out and drill holes in the bottoms of all boats we see so that they will sink. Then, after the world is rid of boats, we're going into a place called room 504 and tear it apart. All CAVALEON editors have similar feelings.

We hate boats, staff members, yearbooks, photographers, and journalism teachers. But we're consoled; deadline has passed. We should thank people, and will as soon as we regain sanity.

The name CAVALEON, which comes from the name of our old school, Ponce de Leon, and the name of our teams, Cavaliers, is cherished. We will preserve it by gouging it into the editors' desk. Then the job will be done.

Jim Hirsch
Editor-in-Chief

Joan Perez
Managing Editor

ANSWER TO THE EDITORS

Dear Jim and Joan,

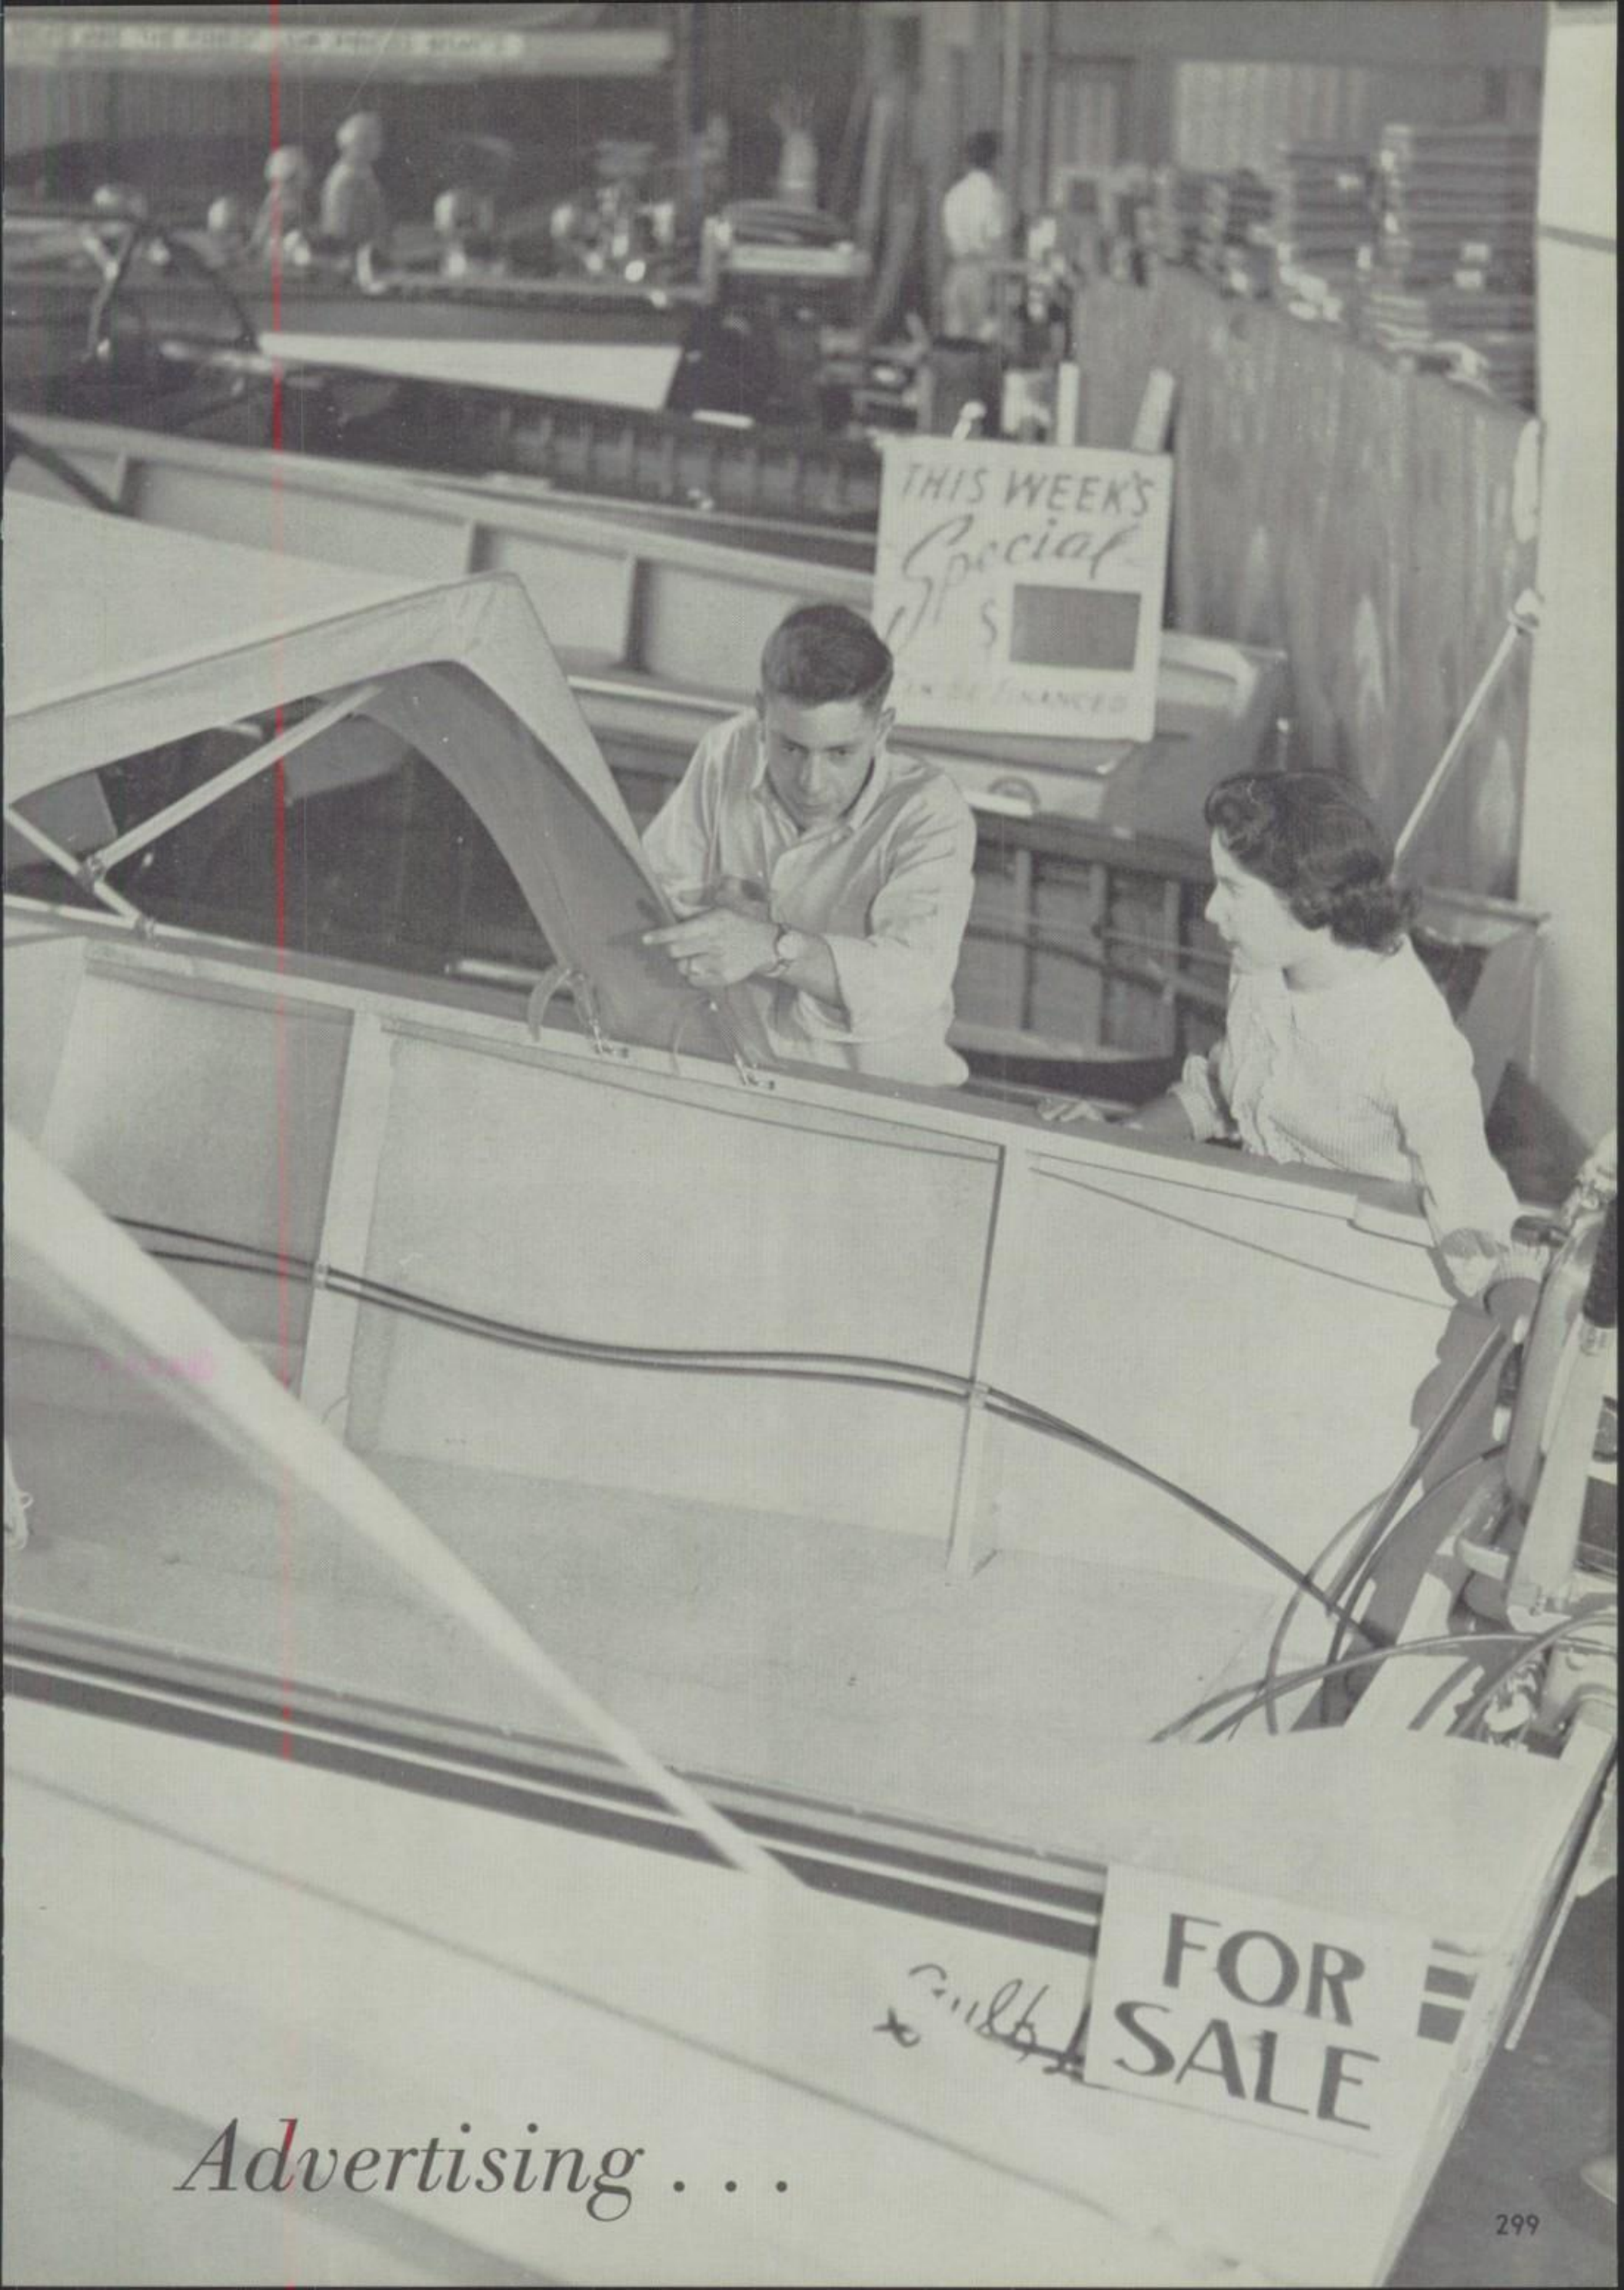

When you're boring—and you are, you know—drill a hole in our heads and drain the water off our brains—what brains?

It has been fun—it says in fine print in most letters of this sort. But we mean it. We got our prison pallor not from time spent for juvenile delinquency prison terms, but from working so hard and so long. We were deterred from the life of crime we might have led had we never accepted the staff positions we were drafted into. Absence from our families seems to have made us fonder of them. They like us, too. Dad got a few more gray hairs and Mother a few more pounds during the CAVALEON time we were not able to be around to supervise them.

We still like boats. Someday we will go out in them—after making up our work, taking a few hundred exams, etc.

Oh, for the life of a staff editor—we shall go down to the sea in ships—we loved being nautical and naughty simultaneously—how corny can we get? Aren't we?

The Crew

Dear Kathy,

I have gotten so much out of knowing you and not just in grades either! You have a "exciting" mind and a talent for writing which I admire. I loved having you here and I want you to come back any time you want. As far as the passed year you have made English class a joy in spite of your problems, which aren't so many and they "compensate" the problems. I admire you for standing up to what you believe in, not being so "catty" and I do appreciate you just plain being one of my most sincere friends. I would give anything we can be in some classes next year.

I hate words and they never appear what I feel.

But I've tried to tell you how valuable your friends

are to me.

Kathy

To a lovely little creature with a
heart of gold. The magic of her presence
lightens the room like the morning
sunrise. Her beautiful eyes shine like
the moon at night; only she can
make a person ~~fully~~ completely comfortable
wherever she goes. Lots o' luck and have
an absolutely fabulous summer of cherished
dreams and remembered pleasures.

Love and kisses
Kathy

To Kathy we love
didn't we love
you. Brightest star
for year. Good luck
next year.
your
Bill

Kathy -
I have not known you for very
long, but I do think you are very
sweet and seem to be a lot of
fun. Hey as sweet as you
are. Love + luck
always
